New Delhi, the 21st November, 1990

S.O. 3270.—In exercise of the powers conferred by the proviso to article 309 read with clause (5) of article 148 of the Constitution, and after consultation with the Comptroller and Auditor General in relation to persons serving in the Indian Audit and Accounts Department, the President hereby makes the following rules further to amend the Central Civil Services (Pension) Rules, 1972, namely:—

1. (1) These rules may be called the Central Civil Services (Pension) Fifth Amendment Rules, 1990.

(2) They shall come into force on the date of their publication in the Official Gazette.

2. In rule 54 of the Central Civil Services (Pension) Rules, 1972:—

(1) for clause (ii) of the proviso to sub-rule (6), the following clause shall be substituted, namely :—

"(ii) If there are more than one such children suffering from disorder or disability of mind or who are physically crippled or disabled, the family pension shall be paid in the order of their birth and the younger of them will get the family pension only after the elder next above him/her ceases to be eligible:

Provided that where the family pension is payable to such twin children it shall be paid in the manner set out in clause (d) of sub-rule (7) of this rule";

(2) the following clause shall be inserted as clause (d) of sub-rule (7), namely :—

"(d) where the family pension is payable to twin children it shall be paid to such children in equal shares:

Provided that when one such child ceases to be eligible his/her share shall revert to the other child and when both of them cease to be eligible the family pension shall be payable to the next eligible single child/twin children".

(3) for clause (iii) of sub-rule (8), the following clause shall be substituted namely :—

"(iii) family pension to the children shall be payable in the order of their birth and the younger of them will not be eligible for family pension unless the elder next above him/her has become ineligible for the grant of family pension:

Provided that where the family pension is payable to twin children it shall be paid in the manner set out in clause (d) of sub-rule (7) of this rule."

(बैंकिंग प्रधान )

नई दिल्ली, 21 नवम्बर, 1990

का. आ. 3280.—वन: बैंककारी विनियम अधिनियम 1949 का द्वारा 45 द्वारा प्रदत्त शक्तियों का प्रयोग करते हुए तथा उसके अनुसार केन्द्रीय सरकार ने बैंक आप बिहार लि., पटना के भारतीय स्टेट बैंक के साथ विलय के लिए 5 नवम्बर 1969 को एक घोषणा मंजूर की थी।

यतः उक्त घोषणा के घोड़े 6 के उपचारण (ix) के अंतर्गत भारतीय स्टेट बैंक द्वारा बैंक आप बिहार लि. ग्रामपंचायियों का

अधिकार सूचना अपेक्षित था, जोकि नियत तारीख से बाहर वर्षों को समाप्ति के पश्चात् यत तारीख को अन्तिम रूप से मूल्यांकन कर दिया गया है।

यतः भारतीय स्टेट बैंक ने यह अध्यावेदन किया है कि बड़ी नंबरों में परिसंपत्तियां अन्तर्गत होने और बैंक के प्रयासों के आवश्यक अधिकांश मदों की वसुलियां अभी बाकी होने के कारण बैंक विलय योजना के खण्ड 6 के उपचारण (ix) में विनियमित समय के भीतर परिपत्तियों का अन्तिम रूप से मूल्यांकन करने में असमर्थ रहा है।

धौर यतः, केन्द्रीय सरकार, भारतीय रिजर्व बैंक से परामर्श करने पर उस बात से संतुष्ट है कि विलय योजना को लागू करने में कठिनाई ऐता हो गई है और उतना समय बढ़ाकर जितने में परिसंपत्तियों का अन्तिम रूप से मूल्यांकन अपेक्षित है, उक्त कठिनाई को दूर करना जल्दी है।

अतः अध्य, बैंक आप बिहार लिमिटेड, पटना का भारतीय स्टेट बैंक के साथ विलय की 5 नवम्बर, 1969 की विलय योजना के खण्ड 20 द्वारा प्रदत्त शक्तियों का प्रयोग करते हुए, केन्द्रीय सरकार एतद्वारा नियंत्रण देती है कि भारतीय स्टेट बैंक, भारतीय रिजर्व बैंक के परामर्श से तथा उनके अनुमोदन से बैंक आप बिहार लिमिटेड की उम्मीद परिसंपत्तियों का, जिनकी वसुली और मूल्यांकन नहीं हुआ है, नियन तारीख से शार्धे वर्षों की अवधि के भीतर मूल्यांकन करेगा।

प्राण नाथ, प्रब्रह्म सचिव

(Department of Economic Affairs)

(Banking Division)

New Delhi, the 21st November, 1990

S.O. 3280.—Whereas on 5th November, 1969, a scheme of amalgamation of the Bank of Bihar Ltd., Patna, with the State Bank of India was sanctioned by the Central Government in exercise of the powers conferred by and in accordance with Section 45 of the Banking Regulation Act, 1949;

Whereas under sub-clause (ix) of clause 6 of the said Scheme, the State Bank of India was required to make a final valuation of the assets of the Bank of Bihar Ltd. which have been provisionally valued on the prescribed date, on the expiry of twelve years from the prescribed date,

Whereas the State Bank of India has represented that in view of large number of assets involved and the recovery of most of the items yet to be realised inspite of its efforts, it has not been able to make the final valuation within the time specified in subclause (ix) of clause 6 of the scheme of amalgamation;

And whereas the Central Government after consultation with the Reserve Bank of India, is satisfied that a difficulty has arisen in giving effect to the scheme of amalgamation which it is necessary to remove by extending the time within which the final valuation of assets is required to be made;

Now, therefore, in exercise of the powers conferred by clause 20 of the scheme of amalgamation dated 5th November 1969 of the Bank of Bihar Ltd., Patna, with the State Bank of India, the Central Government hereby directs that the State Bank of India shall, in consultation with and with the approval of the Reserve Bank of India, value the assets of the Bank of Bihar Ltd., Patna, which have not been realised and valued, within a period of twenty two years from the prescribed date.

श्री. बी. राव, अधिकारी सचिव

S.O. 3284.—Whereas by the notification of the Government of India in the Ministry of Energy (Department of Coal) No. S.O. 1415 dated the 19th May, 1990 issued under sub-section (1) of section 7 of the Coal Bearing Areas (Acqui-

sition and Development) Act, 1957 (20 of 1957) and published in part II, section 3, sub-section (i) of the Gazette of India, dated 19th May, 1990 the Central Government gave notice of its intention to acquire the lands specified in the Schedule appended to that notification;

And whereas it has been brought to the notice of the Central Government that certain errors of printing nature have occurred in the publication of the said notification in the Gazette;

Now, therefore, in exercise of the powers conferred by sub-section (1) of section 7 of the said Act the Central Government hereby amends the Schedule appended to the said notification as follows:—

At page 1686,

in plot numbers to be acquired in village Hensamul (part), in line 5, for “11419/5977” read “1149/5977” in line 6, for “783/5003” read “783/6003”, in line 13, for “8c8/c402” read “809/6402”;

At page 1687,

in plot numbers to be acquired in village Natharipur (part), in line 1, for “1106(PO)” read “1106(P)”, in line 5, for “1296/1335” read “1266/1335”;

in plot numbers to be acquired in village Langijoda (part) in line 1, for “307, t9312” read “3/7 to 312”;

in plot numbers to be acquired in village Khundal (part), in line 1, for “2343 to 2350” read “2342 to 2350”;

in plot numbers to be acquired in village Balugaonkhamar (part), in line 1, “86 (P) (86(P))” read “86(P)”, in line 3, for “95/394” read “95/391” and for “70/640” read “70/460” in line 5, for “95/555 (P)” “95/550 (P)”;

in boundary description (Block-A) line B-C-D, in line 1, for the word “Hensamu” read “Hensamul”; At page 1688,

Line K-K1-K2-K3-K4-L-M, in line 4, for “650” read “605”;

in line M-N-O, in line 7, for “1178” read “1171”. At page 1689,

in line O-P-A, in line 2, for “1280” read “1208”;

in Schedule the word “Anandipur” wherever it has occurred may be read as “Anadipur”.

In plot number to be acquired in village Anadipur (part), in line 2, for “99/177” read “89/177”.

Any person interested in any land in respect of which the above amendment has been issued, may within thirty days of the issue of this notification, object to the acquisition of the whole or any part of the said land, or any right in or over such land in terms of sub-section (1) of section 8 of the said Act.

**Explanation.—**—In respect of plot numbers being amended through this notification only, the said period of thirty days in terms of section 8(1) of the said Act starts running from the date of the publication of this Notification in the Official Gazette.

## MINISTRY OF LABOUR

New Delhi, the 9th November, 1990

S.O. 3292.—In pursuance of Section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the award of the Central Government Industrial Tribunal, Kanpur as shown in the Annexure, in the industrial dispute between the employers in relation to the management of U.P. State Cement Corporation Ltd. and their workmen, which was received by the Central Government on 9-11-1990.

## ANNEXURE

BEFORE SHRI ARJAN DEV, PRESIDING OFFICER,  
CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL  
CUM-LABOUR COURT, PANDU NAGAR, KANPUR

I. D. No. 24 of 1988

In the matter of dispute between :

The Secretary Bhartiya Cement Mazdoor Sangh Dalla Mirzapur.

AND

The General Manager, U.P. Cement Corporation Limited  
Unit Dalla Cement Factory Dalla Mirzapur.

## AWARD

1. The Central Government, Ministry of Labour, vide its Notification No. L-29011/34/87-D.III (B) dated 14-12-87, has referred the following dispute for adjudication to this Tribunal :—

Whether the action of the management of U.P. State Cement Corporation Ltd. in respect of their Dalla Mine, District Mirzapur, is not permanently absorbing the 16 employees (as per list enclosed) from the dates mentioned against each is legal and justified ? If not to what relief the workmen concerned are entitled ?

2. The industrial dispute on behalf of the 16 workmen named in the list annexed to the reference order has been raised by the Bhartiya Cement Udyog Mazdoor Sangh, Dalla, District Mirzapur, (hereinafter referred to as Union for short).

3. The case of the Union in short is that 16 workmen named in the aforesaid list have been working in the U.P. Cement Corporation Limited Dalla, District Mirzapur, (hereinafter referred to as Corporation for short) from the dates shown against their names in the said list. They were appointed as casual labour on the death of persons on whom they were dependents. According to the Union all of them have been doing work of permanent nature. For the last about 6 or 7 years amounts from their wages are being deducted towards Provident Fund. The management have not made them permanent so far with the result that all of them are suffering financial loss. According to the Union Shri Buddhan workman has not been given duty after 20-12-83.

4. The Union further alleges that Shri Lakhan Ram who was appointed as Mazdoor in May, 1978, Smt. Suwas Devi, who was appointed as Mazdoor in May, 1979 Smt. Dulari Devi who was appointed Dai in December, 1980 and Smt. Indrasini Devi who got appointment in February, 1982 have been made permanent. Thus the management with regard to those 16 workmen is guilty of unfair labour practice. The Union, has therefore, prayed that all the 16 of them should be made permanent w.e.f. 22-5-78.

5. In defence, the management plead that workmen S/Shri Lalasa, Marchu, Mahboob, Ram Lakham; Buddhan and Girdhari Prasad were appointed on dates mentioned against their names in the list annexed with the reference order. The rest were not appointed on dates mentioned against their names. This makes the reference order bad in law in respect of these workmen under the provisions of section 10(4) I. D. Act. The management further plead that out of these 16 workmen Shri Buddhan has not worked after 31st July, 1986, Shri Ram Lal has not worked from 1-5-82 to 30-6-82, 1-11-84 to 31-12-84, 1-6-85 to 30-6-85 and 1-8-87 to 31-8-87. Shri Vijai Kanjan Jha has not worked from 1-5-82 to 31-3-84. The management admits that all the workmen are members of Provident Fund.

6. It is also pleaded by the management that the workmen were engaged on adhoc basis for casual work purely on humanitarian and sympathetic considerations upon death of deceased workers, but that cannot by itself entitle them to permanent absorption in the service without taking into consideration the existence of any permanent vacancy, the seniority amongst the employees of the category to which they belong, suitability, eligibility etc. In fact all of them rank much below in seniority in the list of seniority of the workmen belonging to their category. Further the total strength of the workman belonging to different categories in employment of the Corporation is much more than actual requirement. According to the report submitted by Holtec Consultant Committee, the existing man power in Dalla Unit of the Corporation is 1426 as against the actual requirement of 1199 workers. The management are seriously making efforts for rationalization at all levels. Further as a result of High Power Committee by the Government of U.P., the Corporation after considering all the aspects and circumstances has decided not to make any new recruitment in future till the problem of surplus labour is suitably solved.

7. Next it is pleaded by the management that Shri Ram Pati, father of Shri Ram Lakhan, and Shri Ram Mohan, the husband of Smt. Suwas Devi, died in the accident in the factory on 28-12-77. The management on humanitarian consideration, appointed Shri Ram Lakhan and Smt. Suwas Devi as regular Mazdoors w.e.f. 22-5-78 and 31-5-79 respectively. Similarly Shri Munni Lal, Machinery Attendant, the husband of Smt. Dulari Devi, died in an accident in the factory on 8-10-80. Again on humanitarian ground, Smt. Dulari Devi was appointed on regular post of Dai in School from 20-12-80. At that time the post of Dai in School was lying vacant. Shri Deep Chand, the husband of Smt. Indrasini Devi, died on 10-12-79. There was a vacancy of Dai in the School and so on humanitarian ground Smt. Indrasini Devi was appointed Dai on temporary basis on 2-2-80 and then was made permanent on the said post of Dai from 12-2-82. Thus their cases cannot be compared with those of the workmen involved in the present case. Lastly, it is pleaded by the management that the workmen involved in the present case are required to perform duties which are totally of intermittent, occasional casual and fluctuating nature. As such their nature of work is entirely different from the jobs which are done by permanent workers. Therefore, they cannot claim their appointment on permanent basis. The certified standing orders of U.P. State Cement Corporation Limited do not apply to the workmen who are governed by Statutory Provisions of Section 25-C of the Act.

8. In its rejoinder, it is alleged by the Union, that the reference order does not become bad in law merely on account of some mistake in the date of appointment of some of the workmen. It is further alleged by the Union that those who had been made permanent are junior to the workmen in question.

9. In support of its case, the Union has filed the affidavit of Shri Afzal Mohd. Khan one of the 16 workmen, and on the other hand, the management in support of their case, have filed the affidavit of Shri C. L. Srivastava, Chief Time Keeper, and a number of documents.

10. It is the admitted case of the parties that all the 16 workmen are dependants of such deceased persons who had worked in the Corporation. There is further no dispute about the fact that but for Shri Buddhan rest are still working as causal labour in the Dalla Mines of the Corporation. This fact that they had been working in the mine has

been admitted by the management witness in para 3 of his statement in cross examination.

11. The Corporation has set up the plea that these 16 workmen were taken as casual labour on humanitarian ground. This question came up for consideration before the Tribunal on 30-8-90 which was the date fixed for hearing arguments. The Union was directed to file copy of the Government notification or office memorandum with regard to it and the management was also directed to file a statement mentioning names of persons in whose place they were appointed and further to inform the Tribunal whether those deceased had been working in the Corporation as regular employees or not. The management was further directed to give qualifications of all the 16 workmen. Despite that order no documents as were ordered to be filed by the Union were filed by it. On the other hand, the management have furnished a statement as required. From the said statement it appears that the deceased persons were working as casual mazdoors. In the statement the management have also described the relationship of each of the 16 workmen with the deceased workers. According to the said statement at the time of being taken none of the 16 workmen gave any certificate regarding their academic or Technical qualification. The above information and documents were called for from the parties with a view to ascertain whether these 16 workmen were appointed under any Government Order or Office Memorandum stating that where a workmen dies while working, one of his dependants would be taken in his place. Further it was done with a view to ascertain whether or not the deceased was a regular employee. In case of the existence of any such document as referred to above, the defendant, if the deceased happened to be a regular employee, might have got regular employment and not casual employment.

12. In para 13 of his affidavit, the management witness has deposed that all the 16 workmen were taken on humanitarian grounds. Therefore, from the above I believe the case set up by the management and hold that all the 16 workmen were taken as dependants of deceased workmen on humanitarian grounds and that the deceased workmen in whose place they were taken were simply casual mazdoors in the Corporation.

13. In the reference order the dates of initial engagements of the 16 workmen are given. On the other hand, in para 3 of the written statement the management have given the first date of engagement of these 16 workmen. So far as S/Shri Lalsa, Marchu, Mehboob Husain, Ram Lakan, Buddhan and Girdhari Prasad workmen are concerned, there is absolutely no dispute about the initial date of their appointments. Regarding the rest there is a slight difference. So far as S/Shri Prabhu Narain, Teju Yadav and Ram Prit are concerned there is a difference of one or two days, this way or that way. As regards S/Shri Chhatra Dhar, Afsar Mahmood, Jai Nandan, Madan, Shiv Ganesh, Ram Lal and Vijai Ranjan workmen are concerned it appears that according to the management they were appointed some times before the dates mentioned in the reference order. Here again the difference is not much.

14. In para 4 of his statement in his cross examination the management witness has deposed as follows—

Iis vad ke sabhi sramik lagatar kam kar rahan hain.  
Kabhi koi bimar par gaya to ek ek do mahiney ke  
liye baith jaaten hai. Inko Chhuti nahi milti hai.

This statement of this witness cannot be applied in the case of Shri Buddhan workman as it is the case of the Union that he is not being given duty w.e.f. 20-12-83 and it is the case of the management that after 31st July, 1986, he has not been coming. So this statement has to be read with respect to the remaining workmen.

15. In para 6 of the written statement, the management have given the periods during which the 16 workmen were not in the employment of the Corporation. The details are as follows—

| Names           | Period   |
|-----------------|--|
| 1. Buddhan      | After 31st July, 1986  |
| 2. Ram Lal      | 1-5-82 to 30-6-82<br>1-11-84 to 31-12-84<br>1-6-85 to 30-6-85<br>1-8-87 to 31-8-87 |
| 3. Vijai Ranjan | 1-5-82 to 31-3-84  |

Document No. 1 of the management's second list of documents dated 8-5-89, is the statement of working days of each of the 16 workmen during the years 1985, 86, 87 and 88. Their originals have not been produced by the management. The management witness has explained it by saying that their originals were with the legal Assistant who died on 16-8-89. Since then the originals are not traceable. The statement of number of days is as follows :—

| Names of workmen | 1985 | 1986 | 1987   | 1988   |
|------------------|------|------|--------|--------|
| Chhatradhari     | 232  | 219  | 231    | 253    |
| Lalsa            | 267  | 246  | 250    | 313    |
| Afsar Mahmood    | 257  | 234  | 199    | 291    |
| Jai Nandan Singh | 269  | 249  | 269    | 326    |
| Marchho Yadav    | 236  | 231  | 242    | 317    |
| Madan            | 283  | 234  | 236    | 290    |
| Prabhu Narayan   | 294  | 265  | 251    | 303    |
| Shiv Ganesh      | 262  | 229  | 243    | 293    |
| Tejoo Yadav      | 302  | 263  | 269    | 331    |
| Ram Prit         | 304  | 267  | 263    | 322    |
| Mahboob Husain   | 301  | 275  | 249    | 316    |
| Ram Lakan        | 303  | 251  | 255    | 258    |
| Buddhan          | 141  | 63   | Absent | Absent |
| Girdhari Prasad  | 299  | 258  | 257    | 315    |
| Ram Lal          | 182  | 115  | 203    | 269    |
| Vijai Ranjan     | 271  | 287  | 255    | 290    |

We have seen above that the management witness in his cross examination has deposed that these workmen were not given leave. If Sundays and other holidays are added then it will appear that but for Shri Buddhan and Shri Ram Lal every other workmen would be found to have worked for more than 240 days in each of these 4 years. So far as Ram Lal is concerned he will be found to have worked for more than 240 days during the years 1987 and 1988. From the above statement it will appear that Shri Ram Lal had worked for 182 days in 1985 and for 115 days in 1986, of course, exclusive of holidays. It will further appear that Shri Buddhan had worked for 141 days in 1985, for 63 days in 1986 only.

14. In para 7 of his affidavit the management witness has referred to seniority list of casual Mazdoors. It is document No. 3 of the management's first list of documents dated 12-9-88. In the list are named 601 persons. In his cross examination, the management witness has deposed that it is the combined seniority list of registered casual mazdoors working both in the factory and Delta Mines of the Corporation.

15. From the evidence it appears that out of the 16 workmen one is of 1973, one is of 1977, 4 of 1981, 9 of 1982 and 1 of 1984. The date of reference order is 14-12-87. It means that whereas by the date of reference order workman Shri Chhatradhari has worked for 14 years, Shri Lalsa for 10 years 5 months, Shri Afsar Mahmood for 6 years 7 months, S/Shri Jai Nandan Singh, Marchu and Madan for 6 years, S/Shri Prabhu Narain, Shiv Ganesh, Tem Yadav and Amrit Prit for 5 years 10 months each, Shri Mahboob Husain for 5 years, 9 months, S/Shri Ram Lakan Girdhari Prasad for 5 years 8 months, Shri Ram Lal for 5 years 4 months and Shri Vijay Ranjan for 3 years 2 months. This is so when it is taken that they have been continuously working since the date of their initial appointments. Now we have entered the year 1990. We can thus safely add to their working a further period of 2 years and 9 months.

16. The main argument of Shri Bhupender Singh, the authorised representative for the Union is that to keep such workmen as have worked for such long periods as casual mazdoors amounts to Unfair Labour Practice. In this connection he has referred to section 2(ra) I. D. Act, 1947, and item No. 10 of Schedule V. Section 2(ra) says that Unfair Labour Practice means any of the practices specified in the Vth Schedule consists of two parts. Part I refers to Unfair Labour Practice on the part of Employers and Trade Unions of Employers. Item No. 10 reads as under—

To employ workmen as Badlis, casual, or temporaries... and to continue them as such for years, with the object of depriving them of the status and privileges of permanent workmen.

Shri Singh, therefore, submits that the case of the workmen is truly covered by the expression unfair Labour Practice as quoted above. The workman should, therefore, be deemed as having been absorbed permanently in service of the Corporation. He submits that jobs which are likely to continue for an indefinite period should be treated as permanent jobs. There is no evidence that the jobs which these workmen are doing have ceased to exist. Had these jobs not in existence all along, these workmen would not have been continuously employed as has been admitted by the management.

17. In all fairness Shri Singh, has also submitted that he is not allergic to the keeping of some persons by the employers as casuals but their percentage should not exceed more than 10 to 20 per cent. Keeping of persons as casuals is absolutely necessary so that the work of the employer should not suffer because of absence of permanent workmen for one reason or the other.

18. On the other hand, it has been argued by Shri V. K. Gupta, the authorised representative for the management that permanent absorption in service depends not only on existence of a permanent vacancy but also on suitability and eligibility according to Rules. Further for permanent absorption, the Union must prove that the workmen have worked continuously on regular vacant posts for a sufficiently long time. There is no evidence that there are in existence permanent posts of regular mazdoor. Not only that all the 16 workmen rank much below in the seniority list as will appear from the document No. 3 of the first list of documents dated 12-9-88 of the management. There is a word of difference between permanent absorption w.e.f. dates specified in the reference order and w.e.f. the date other than those specified in the reference orders. Lastly, he argues that the total strength of workmen belonging to different categories in the employment of Corporation is much more than the actual requirement. If these workmen have not been discharged from service it has been due to humanitarian ground.

19. After hearing the two sides, I am of the view, that but for workman Shri Buddhan named at serial No. 13 every attempt be made to absorb the remaining 15 workmen permanently in service keeping in view the just submissions made by Shri Singh, that some percentage of workmen who should remain as casuals that is to say, all the 15 of them should be treated as having stood permanently absorbed in service on the date of reference order except those from among them who fall in the list of casuals on the basis of percentage of casual fixed by the Tribunal.

20. It may be that many seniors who are similarly placed might also claim permanent absorption in service on the basis of this award but it can't be helped. Truly speaking, it is a clear case of Unfair Labour Practice as described in Item No. 10 Part I of Schedule V I. D. Act. There is absolutely no force in the submissions made by the authorised representative for the management. Creation of a post is an Executive Function and in a particular set of circumstances it can be inferred that post should be created by Executive by increasing the sanctioned strength. From the facts and circumstances of the case, it is evident that the management has deliberately avoided to create such a posts in order to exploit and victimize the casual labour. It is proved from the evidence that the workmen have been working as casual mazdoors for a sufficient long time. The argument that they should be suitable and eligible for the post of regular mazdoors advanced by Shri Gupta, is not at all convincing. Had they not been suitable and otherwise eligible they would not have continued in the employment for so long. There is also no force in the contention of Shri V. K. Gupta, that the Corporation has surplus labour. If it had been a fact, the management witness would not have made the statement that they have been continuously working. Work which is likely to continue for an indefinite period as has been found in the present case, leads to the inference that many more posts of permanent nature are needed.

21. If a person does not have the feeling that he belongs to an organization engaged in production, he will not put his best to produce more. That sense of belonging arises only

when he feels that he will not be turned out of employment the next day at the whim of the management. It is for this reason that it is being repeatedly observed by those who are in charge of economic affairs of the countries in different parts of the world that as far as possible security of work should be assured to the employees so that they may contribute to the maximisation of production. It is again for this reason that the management and the government agencies in particular should not allow workers to remain as casual labourers or temporary employees for an unreasonably long period of time. Where is the justification to keep persons as casual labourers for years. Is it for paying them lower wages for denying them the privileges enjoyed by regular labourers, taking of extra work from them without paying over time wages, making them dance to the tune of employers, so an and so forth? Then not only to my mind but also to the mind of an ordinary prudent man, it would amount to victimisation and exploitation of labour. Such a workman when he had joined service as a casual labour must have been quite young and in most of the cases unmarried. But with the passage of time his family has grown and his responsibilities increased manifold. Will it not be inhuman and barbarous to keep sword of their being cracked off at any time at the whim of the employers hanging on their necks. Such a condition cannot be allowed to prevail in a democratic set up when every where steps are being taken to ameliorate the suffering of the labour class. A workman cannot be allowed to remain at the mercy of their employers. At least from Government Undertakings it is not at all expected. They should set up example of their being ideal employers for others.

22. It has been rightly submitted by Shri Singh, that the existence of a certain percentage of casuals is a necessity in an industry. They are necessary because in the event of absence on one ground or the other of some of the permanent workmen their services could be utilised in order that the work of industry does not suffer. In Schedule I of the Model Standing Orders, classification of workmen is given in para 2. The workmen have been classified as Permanent, Probationaries, Badlies, Temporary, Casual and Apprentices. 'Casual' workman has been defined in para 2(f) as a workman whose employment is of a casual nature. In the instant case, the management have filed the copy of Standing Orders of the Corporation. It is document No. 4 of the management's list of documents dated 12-9-80. Para 3 relates to classification of workmen. According to it they have been classified as permanent, probationers, substitute temporary and apprentice. In para 3(3) a Substitute has been defined as one who is employed on the post of a permanent workman or a probationer who is temporarily absent on leave or otherwise and whose name is borne on a register of substitutes. Thus there does not seem to be much difference between a casual and a substitute. The main purpose is to take work from them in the event of absence of a permanent workman or a probationer who is temporarily absent for one reason or the other. Their percentage to my mind, should not exceed 15% of the total strength of the persons actually needed for running an industry. Infact I have fixed the percentage by taking the mean of the percentage of casual workman which should be in an industry according to Shri Bhupender Singh.

23. In the instant case as already said the management have filed long list of casual mazdoors. The list contains as many as 601 persons and taking into consideration the note by means of which the name of the person named at serial No. 289 has been scored out, the total number would come to 600. According to the management witness it is a combined seniority list of the casual labour working both in the factory and mines. From the statement made by him in para 4 in his cross examination it appears that there are about 122 casual mazdoors working in mines while the strength of the regular workmen of all categories alongwith casual mazdoors is 417. The strength of the regular workmen of different categories working in the factory has not been given by him. In fact no inquiry was made from him about it. Even no evidence has been attempted to be produced by either side on record. Thus we have before us only a combined seniority list of 600 persons of casual mazdoors without having any figure about the regular workmen of different categories working both in mines and factory. In the circumstances a general direction in this regard will have to be issued for absorption of such of the 15 workmen in question who do not come within the list of 15% of the casual labour as fixed above.

24. To sum up the management should determine the number of 15% casual mazdoors on the basis of the total strength of mazdoors, regular as well as those treated as casual working both in the factory and mines as on date of reference order considering their seniority in this way—

Say the total strength is — 500  
Then number equal to 15% will be — 500-(500x85)

$$\begin{array}{r} 100 \\ - 500-425 \\ \hline - 75 \end{array}$$

While determining the total strength the management will be at liberty to leave out those whose services have been validly terminated in one way or the other or who have

themselves abandoned the service of the Corporation etc., etc. Accordingly such workmen out of the 16 workmen (excluding Shri Buddhan) as do not come within list of 15% (treated as Casual Mazdoors) would be deemed as having stood permanently absorbed as Mazdoors in the service of the Corporation on the date of the reference order.

25. The reference is answered accordingly.  
Dated : 16-10-1990.

New Delhi, the 12th November, 1990

S.O. 3293.—In pursuance of Section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the award of the Central Government Industrial Tribunal, Kanpur as shown in the Annexure, in the Industrial dispute between the employers in relation to the management of U.P. Cement Corporation Ltd. and their workmen, which was received by the Central Government on 9-11-1990.

#### ANNEXURE

BEFORE SHRI ARJAN DEV, PRESIDING OFFICER,  
CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL  
CUM-LABOUR COURT, PANDU NAGAR, KANPUR

Industrial Dispute No. 81 of 1988

In the matter of dispute between:

Shri Damodar Upadhyaya,  
Vice President,  
Bhartiya Cement Udyog Mazdoor Sangh,  
Dalla Mirzapur.

The General Manager,  
U.P. State Cement Corporation Ltd.,  
Unit Dalla Cement Factory,  
Mirzapur.

#### AWARD

1. The Central Government Ministry of Labour vide its notification No. L-29011/7/88-D.III(B), dated 30-6-88 has referred the following dispute for adjudication to this Tribunal:—

Whether the action of the management of Dalla Lime Stone Mine owned by U.P. State Cement Corporation Ltd. Unit Dalla Cement Factory, Dalla in not regularising Shri Braj Raj Dwivedi as Heavy Equipment Operator 'B' in the scale of Rs. 590—20—990 w.e.f. 24-5-86 is justified? If not, to what relief the workman concerned is entitled?

2. The industrial dispute on behalf of the workman has been raised by Bhartiya Cement Udyog Mazdoor Sangh, Dalla, Mirzapur, (hereinafter called as Union). The case of the Union is that the workman holds the post of permanent Machinery Attendant in the U.P. State Cement Corporation Limited (hereinafter referred to as Corporation), and by means of order dt. 2-1-86, he was ordered to work w.e.f. 5-11-85 as Heavy Equipment Operator 'B' (hereinafter referred to as HEOB) on casual basis at daily rate basis. The Union alleges that the workman holds All India Driving Licence for light and heavy vehicle. The Union further alleges that the post of HEOB is of permanent nature. It is also alleged by the Union that the workers working in

The Corporation are governed by Model Standing Orders as there are no Certified Standing Orders, in respect of Dalia names. According to the Union the posting of the workman as HEOB on casual basis amounts to unfair labour practice. The Union has, therefore, prayed that the workman be treated as a permanent HEOB in the pay scale of Rs. 590—~~20—990~~ w.e.f. 24-5-86.

3. With respect to the workman's case that he holds the permanent post of Machinery Attendant the management plead that it requires no comments. The management admit that by means of order dt. 2-1-86, the workman was given the casual posting of HEOB on daily wages w.e.f. 22-11-85 in the pay scale of Rs. 590—20—990. According to the management the workman accepted the terms of casual/ad hoc appointment as mentioned in the said office order and started working accordingly. During the months of March, April and May, 1986, preceding 24-5-86, the date from which regularisation has been sought the workman has actually worked for 18 days in March 1986, for 8 days in April 1986 and for 19 days in May, 1986 till 23-5-86. The work done by the workman is of a casual nature and he has been paid according to the number of days he has actually worked. In fact there does not exist any regular and permanent vacancy of HEO. It is not possible at present to create any further permanent post and appoint the workman on the said post. The management further plead that the reference order is misconceived as the demand had been for permanency. The Central Government, has on the other hand referred the issue of regularisation to this Tribunal for Adjudication.

4. With regards to the facts pleaded by the management in para 2 of the written statement it has been alleged by the Union in its rejoinder that it calls for no comments. I may state here that in para 2 of the written statement the office order dt. 2-1-86, has been quoted by the management. The Union has denied the plea of working days as given by the management put in by the workman in months of March, April and May, 1986.

5. In support of its case, the Union has filed the affidavit of the workman and a number of documents. On the other hand, in support of their case, the management have filed the affidavit of Shri C. L. Srivastava, Chief Time Keeper and a number of documents.

6. We have seen above that with regard to the Union's case that the workman holds the permanent post of Machinery Attendant, it is said by the management in their written statement that it calls for no comments. In view of no specific denial of the said fact it will be taken that the fact asserted by the Union is admitted to the management.

7. The Union's case is that by means of office order dt. 2-1-86, the workman was appointed as a casual HEOB on daily wages. The Union has not filed the copy of the office order. On the other hand the management, in their written statement, have quoted the said office order in para 2 of the written statement and with regard to it the Union has alleged in the rejoinder that it calls for no comments. It means that the office order as quoted by the management in their written statement has not been challenged in the least by the Union. The management have also filed the copy of office order. It is document No. 1 of the first list of document dt. 7-6-89 filed by the management and the same has also been quoted by the management witness in para 3 of his affidavit. Therefore, I take it as proved that the office order dt. 2-1-86 reads in the manner quoted in para 2 of the written statement. Thus the appointment of the workman as HEOB was on casual basis in the pay scale of Rs. 590—20—990.

8. It appears from the evidence on record that there are three categories of HEOS. Ext. M-3, refers to a statement filed by the management with regard to the sanctioned strength and the working strength of the various categories of HEOS. It is document No. 4 of the management's first list of documents dt. 7-6-89. It has been admitted by Shri Bhupinder Singh, the authorised representative for the Union. The three categories shown in the document are:—

1. Heavy Equipment Operator V.
2. Heavy Equipment Operator A.
3. Heavy Equipment Operator B.

From the statement it appears that against the sanctioned strength of 12 HEO V, 19 are working, against sanctioned strength of 18 HEO A, 13 are working and against the sanctioned strength of 31 HEOB none is working. It means that all 31 posts of HEOB are lying vacant. The scales of pay of HEOS of all the above categories are also different. In the office order dt. 2-1-86, the pay scale of HEOB is given as Rs. 590—20—990. The pay scales of the other two categories can be given with reference to documents Nos. 5 & 6 of management's first list of document dated 7-6-89. These documents have been proved by the management witness by means of paras 13 and 14 of his affidavit. In fact these two documents are the seniority lists of HEO V and HEO A. The scales of HEO V is given as Rs. 650—32—1290, and HEO A is given as Rs. 630—26—1150. These scales are not disputed by the authorised representative for the Union, during the course of his arguments.

9. Now let us see for how many days during the years 1985, to 1989, the workman had worked as HEOB. In para 5 of his affidavit, the workman has deposed that he had worked for 257 days in 1986, for 278 days in 1987 and for 207 days in 1988. Then in para 9 of his affidavit he has deposed that he was not given any casual leave, medical leave, earned leave and festival holidays.

10. On the other hand, the management witness in para 15 of his affidavit has proved document No. 1 of management's second list of documents dt. 14-8-89. It is an extract from the register of attendance and payment. The statement shows that in 1985, the workman worked for 34 days, in 1986, he had worked for 257 days and in 1987 he had worked for 261 days in 1988, he had worked for 293 days and in 1989 upto March for 64 days. In para 5 of his statement in cross-examination, the management witness has admitted that casual labour are not given the kinds of leave referred to by the workman in para 9 of his affidavit.

11. Thus from the above evidence, I find that there is not much difference regarding the number of working days of the workman as HEOB. However, I do not agree with the evidence of the workman that he was not given casual leave, medical leave, earned leave or festival holidays. He is not a casual labour. We have seen above that he holds the permanent post of the Machinery Attendant in the Corporation. Therefore, it would be deemed that the period during which he had not worked as HEOB he must have worked in his substantive post of Machinery Attendant. His services were utilised as HEOB when needed.

12. From the side of the Union Shri Singh has argued that from Ext. M-3, it is evident that permanent vacancies of HEOB exist. According to him the Model Standing Orders go to show that a workman who has worked for 90 days on a post is entitled to be made permanent. While arguing the case on behalf of the Union, he has referred to Ext. W-6, which is the Advertisement in the issue dt. 8-8-89 of 'Aai' Varanasi for filling up six posts of HEOB. He has also relied on document No. 1 of management's third list of document dt. 25-9-89. It is the copy of schedule of Model Standing Orders. Reliance has been placed by him on the definition of permanent workman given in para 2. Para 2 relates to classification of workmen. Six kinds of workmen such as Probationers, Badlis, Temporary, Casual and Apprentices are mentioned. According to para 1(b) a permanent workman is a workman who has been engaged on a permanent basis and includes any person who has satisfactorily completed the probationary period of 3 months in the same or another occupation in the industrial establishment. There is no doubt about the fact that as per evidence on record a number of vacancies of HEOB exist in the corporation. There is no further dispute about the fact that only for filling up six vacancies of HEOB an advertisement was issued by the Corporation in the issue dt. 8-8-89 of 'Aai' Varanasi. I may state here that by means of this advertisement the six vacancies were sought to be filled from candidates of SC/ST. The mere fact that the sanctioned strength of HEOB is 31 does not mean that work for all these vacancies exist with the corporation. Had the work been sufficient for 31 posts, the corporation would not have given the advertisement for filling up only six posts of HEOB. By now these six vacancies which were advertised must have been filled up or are likely to be filled up very soon. The arrangement made

By means of order dt. 2-1-86, in the case of the workman appears to be simply a make shift arrangement. Para 2(b) of Schedule 1 of the Model Standing Orders refers to a person who has been engaged on a permanent post or who has satisfactorily completed a probationary period of 3 months. The case of the workman is not covered by it. He was neither kept on probation nor engaged on permanent basis. How and when the vacancy should be filled up is an administrative function. The tribunal cannot interfere in it. It is not the case of a person who has worked as a casual labour for a very long time. The present workman already holds the permanent post of Machinery Attendant. However, the tribunal would wish that to avoid frustration and to inculcate the spirit of devotion to duty, the management should take a rational and sympathetic view and so far as the workman is concerned try to absorb him against a permanent vacancy as HEOB. In this connection I may refer to two documents which have been filed by the Union with the list of documents dt. 14-8-89, Ext. W-1 is the copy of certificate dt. 30-10-79 issued by Sr. Personnel Officer of the Corporation Certifying that the workman had completed his apprenticeship training in the trade of Operator Attendant from 13-7-76 to 12-9-79 from the factory and that during the said period he had worked in repairing, operating and maintenance of dumpers, loaders and dozers of diesel section efficiently and diligently. Ext. M-2 is the copy of certificate dt. 13-8-85, given by Quarry Manager. From it appears that as a casual HEOB he has been working since 12-9-84.

13. With the above observation, I decide the reference against the Union/Workman.

New Delhi, the 15th November, 1990

S.O. 3294.—In pursuance of Section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the award of the Central Government Industrial Tribunal, Jabalpur as shown in the Annexure, in the industrial dispute between the employers in relation to the management of Bailadila Iron Ore Project and their workmen, which was received by the Central Government on 14th November, 1990.

#### ANNEXURE

BEFORE SHRI V. N. SHUKLA, PRESIDING OFFICER,  
CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL-  
CUM-LABOUR COURT, JABALPUR (M.P.)

Case No. CGIT/LC(R)(113)/1985

#### PARTIES :

Employers in relation to the management of Bailadila Iron Ore Project, Deposit No. 5, National Development Corporation, Bacheli (Bastar)

AND

Their workman, Shri B. Chakraborty, Senior Mechanic represented through the Bailadila Mazdoor Union, Bacheli Hill Top, District Bastar (M.P.).

#### APPEARANCES :

For Workman—Shri P. K. Mitra, Advocate  
For Management—Shri P. S. Nair, Advocate.

INDUSTRY : Iron Ore . DISTRICT : Bastar (M.P.)

#### AWARD

Date, November 1st, 1990

By Notification No L-26012(1)/85-D.III(B) dated 9th December, 1985 the Central Government in the Ministry of Labour, in exercise of powers conferred by Section 10(1)(d) of the I.D. Act, 1947, referred the following dispute to this Tribunal, for adjudication:—

"Whether the action of the management of Bailadila Iron Ore Project, Deposit No. 5, National Mineral Development Corporation, Bacheli (Bastar) in terminating the services of Shri B. Chakraborty, Senior Mechanic with effect from 29th January, 1984 is justified? If not, to what relief is he entitled?"

2. Undisputed facts of the case are that the workman, Shri B. Chakraborty, was working as Senior Mechanic in Bailadila Iron Ore Deposit No. 5 under National Mineral Development Corporation Bacheli, Bastar and after due enquiry his services were terminated with effect from 29th January, 1984.

3. The following charge-sheet was given to the workman concerned and after due enquiry the following finding was given:—

#### CHARGE-SHEET

It has been reported that Shri B. Chakraborty, Sr. Mechanic, attached to Autogarage, Bacheli; had vide his leave application dated 26-1-83, applied for grant of Casual leave for two days on 27th January, 1983 and 28th January, 1983 on ground of sickness of his wife and the said leave was sanctioned. Thereafter, with effect from 29th January, 1983 Shri Chakraborty remained absent unauthorisedly without any intimation.

2. During the period of Casual Leave sanctioned to him as mentioned, Shri Chakraborty had himself engaged in the following subversive activities.

3. It has been reported that on 27th January, 1983 at about 6.00 AM, Shri Chakraborty who was on CL; was at Service Centre and incited other workmen of Service Centre to absent themselves from their work place in a concerted manner on 27th January, 1983 in all the shifts; without any cause whatsoever. Besides along with some other workmen of Service Centre; he stood in front of Service Centre gate and prevented the Dumper No. 24 being moved out for operation by Shri K. C. Das Dumper Operator. Inspite of repeated advice by the Superior/Shift Incharge of the Service Centre to allow the Dumper to move out; he did not pay any heed to the reasonable instructions and he incited others also to stop movement of vehicles from Service Centre; Therefore, the said dumper had to be parked back in the Dumper Shed. Likewise, the obstruction was repeated by Shri Chakraborty along with other workmen for other dumpers also, which were being operated by S/Shri S. C. Dutta, Bhimsen, S. P. Gautam, Ajmer Singh, S. D. Singh; M. N. Tiwari and K. Lingaiya.

4. Whereas entering into Service Centre while he was on leave and inciting other workmen to illegally strike their work and standing in front of the gate and also preventing the dumpers in a concerted manner unlawfully from being driven out amounted to practically physical violence/obstruction. Since the dumpers were not allowed for operation, this has resulted in stoppage of total production, causing loss of production to the corporation. These assertive actions on the part of Shri Chakraborty are regarded as coercion and intention to commit offence.

5. Again Shri Chakraborty entered the Service Centre from 28th January, 1983 to 2nd February, 1983 and along with other workmen of Service Centre, who were on unauthorised absence, wilfully in a concerted manner, continued the above illegal and unlawful acts, hampering the normal work of the Service centre with consequential loss of production on these dates also.

6. It has further been reported to the management in writing that since 27th January, 1983, on various dates—Shri Chakraborty along with S/Shri Harminder Singh, Laxman Prasad, Neelmani, S. K. Roy, Sunderlal; R. M. Badal abused

Shri A. Khan and threatened them of dire consequences including assaulting them for attending to their normal work.

7. Further Shri Chakraborty vide his letter dated 27th January, 1983 intimated that the application made by him for grant of leave on 27th January, 1983 and 28th January, 1983 be treated as cancelled and he be treated to be on strike with effect from 27th January, 1983 and attempted to conceal his ulterior motive of taking part in the strike.

8. Thus Shri Chakraborty has committed act of serious misconducts by taking part in illegal strike and resorted to wilful insubordination or disobedience in combination with other workers of the service centre to the lawful and reasonable orders of the superiors in a concerted manner and threatened and intimidated co-workers.

9. The above acts committed by Shri Chakravorthy constitute serious acts of major misconducts under various clauses of the Standing Orders for all the Projects and feasibilities under the control of National Mineral Development Corporation Limited, which reads as under:—

28(1)(xvii)—Unauthorised entry into prohibited place.

28(2)(i)—Wilful insubordination or disobedience whether alone or in combination with others to any lawful and reasonable order of a superior.

28(2)(vi)—Striking or slowing down work on inciting others to strike or slow down work in contravention of the provisions of any law or rule having the force of law.

28(2)(xii)—Assaulting, threatening or intimidating any workmen or officers of the Management within the Mine/feasibility/boundaries.

28(2)(xvii)—Any breach of standing orders or any legislation affecting the operation of the management.

28(2)(xxv)—An act subversive of discipline.

Causing disruption to work in process of the management wilfully.

10. Shri Chakraborty is directed to submit within seven days of the receipt of this chargesheet a written statement of his defence, if any, to the undersigned, specifically admitting or denying the charges levelled against him. In case, he does not submit written statement of defence on or before the date specified, it shall be presumed that he has nothing to state and further action shall be taken against him as per rules.”

### FINDINGS

“The proceedings of the enquiry and its findings were gone into. It seems clear from the statements recorded and evidence adduced that Shri B. Chakravorthy is guilty of the following four charges levelled against him:

- (1) Wilful insubordination or disobedience to a lawful and reasonable orders of his Superiors.
- (2) Striking work and inciting others to strike work.
- (3) Breach of the provisions of the Standing orders affecting the operation of the management.
- (4) An act subversive of discipline.

There are enough evidences to show that the above charges are fully substantiated and stand proved.

The other two charges viz. (i) Unauthorised entry into prohibited area (ii) Assault, intimidation and threatening to any workmen or officers of the management within the mine premises are not substantiated and hence the Enquiry Officer has not found him guilty of these charges.

However, keeping in view the above four major charges, which have been substantiated and proved as mentioned in para 1 & 2 above, the punishment warranted to Shri B. Chakravorthy, in my opinion, is that of “Removal from service”. A show cause notice as such, is to be issued to Shri Chakravorthy before imposing the punishment.

“P.M may please peruse the above and approve.”

313371/91-1

It is on the basis of the above report that his services were terminated.

4. My learned predecessor vide his order dated 21st July, 1987 held that the enquiry is vitiated for the reasons given therein and directed the parties to prove the alleged misconduct before this Tribunal. Evidence was accordingly recorded and my findings are based on the evidence placed before this Tribunal. The enquiry papers were admitted in evidence vide proceedings dated 30th January, 1990. Hence I will refer to these documents also as and when necessary.

5. In substance, according to the workman, the alleged charges are baseless. He has been falsely implicated because he is an active worker of the Union and was President of Bailadila Mazdoor Union. That apart, various other workmen were charge-sheeted and enquiry was held against them on similar charges but they were not terminated from service. Shri R. K. Viswakarma, and Shri T. L. Sethi are the workers who were suspended even prior to the workman concerned but no enquiry was held against them because they were leaders of S.K.M.S. and M.M.W.U. Shri S. K. Roy, Shri Laxman Prasad and Shri Neelmani were just demoted because they were members of CITU and no punishment was awarded to other workmen though the charge-sheets issued was identical to all the employees. Thus there was a clear discrimination in regard to punishment. The workman is accordingly entitled to reinstatement with full back wages and consequential reliefs.

6. I need not go into the pleadings relating to the validity of the enquiry because this point has already been decided by my learned predecessor.

7. The management in substance has denied all the allegations made by the workman concerned and has averred that the charges as shown above have been proved against him and his services were rightly terminated. He is not entitled to any relief whatsoever.

8. The following issues were framed by my learned predecessor and my findings are recorded against each of them:

### ISSUES

1. Whether the enquiry is proper and legal?
2. If not, whether the termination of the workman is justified on facts of the case?
3. Whether the punishment awarded is proper and legal?
4. Relief and costs?

### FINDINGS WITH REASONS:

9. Issue No. 1.—My predecessor vide his order dated 21-7-87 has already held that the enquiry is neither legal nor proper and accordingly it was vitiated.

10. Issues No. 2 to 4.—I will take up all these issues together.

11. So far as the documentary evidence is concerned Article A and Article B include various documents which have been admitted by the workman and Ex. W/1 to Ex. W/27 are the documents filed by the workman and they have also not been disputed by the other side.

12. So far as the oral evidence is concerned, management has examined S. N. Gupta who was then posted as Senior Executive Engineer (Mechanical) Workshop, Bacheli (M.W. 1), Rajaram Singh, Asstt. Mining Engineer, who was then working Asstt. Mining Engineer at Service Centre (M.W. 2), A. Khan who was then working as Senior Mechanic at the Service Centre (M.W. 3), Shobhnath Singh, who was posted as Mining Engineer at the relevant time (M.W. 4), V.K.S. Rathore who was posted as Senior Executive Engineer (Mech.) at Service Centre (M.W. 5) and Balswarop who was then working as Executive Engineer (Mech.) at Service Centre of Akash Nagar (M.W. 6). The workmen on his part has examined C. R. Das who was then working in the Service Centre as Dumper Operator as W.W. 1, Baijnath Kashyap who was then working as Helper in Service Centre as W.W. 2 and workman, R. Chakraborty who was

then working as Senior Mechanic at Deposit No. 5 of Bailadilla Iron Ore Project.

13. From the documentary as well as oral evidence the facts which can be granted are that 26th January, 1983 was rest day and it was National Holiday as well. Thus two holidays coincided on the same day which has resulted in issuance of certain order from the side of the management which was not happily taken by them (See Ex. W/17). It resulted in displeasure and certain workmen of the Service Centre went on strike and did not permit dumpers etc. to go out of the Service Centre from 27-1-1983 to 1-2-1983 which resulted in great loss to the management. It is said that the workman had applied leave for 27-1-1983 which was ultimately withdrawn by him respectively vide Ex. M/1 and Ex. M/2 as denoted by M.W. I. S. N. Gupta. The workman, Shri B. Chakraborty, is said to be behind all these obstruction of work and strike by the workmen at the Service Centre and from the evidence adduced from both the parties it is evident that the workmen were on strike from 27-1-1983 to 1-2-1983. Some 50 to 60 workmen had gathered outside the gate of the Service Centre and they did not permit the dumpers to go out for production work in the mines. Even W.W. I, C. R. Das, has admitted the presence of Shri B. Chakraborty, though according to him Shri Chakraborty was behind the mob (para 4 of his deposition). This fact has been admitted by Bainath Kashvap (W.W. 2) as also the workman B. Chakraborty (W.W. 1). But according to them Shri Chakraborty was neither involved in strike nor did he make any slogan or abuse his superior nor did he obstruct the work.

14. While appreciating the evidence on records two facts are to be kept in mind (1) as per B. Chakraborty himself (para 3) he was President of the Bailadilla Mazdoor Union of the Bailadilla Iron Ore Project, Deposit No. 5 and Vice President of Central Executive Committee of Bailadilla Mazdoor Union and (2) Chakraborty was present on the spot when the strike was going on and the operation of work at the Service Centre was obstructed by the mob in which Shri Chakraborty was there. It is no body's case that the alleged strike was legal.

15. With these facts in mind two more facts can not be left out of i.e. (1) Shri B. Chakraborty had a good service record and there was nothing adverse against him and glimpse of this fact can be gathered from the testimony of M.W. I, S. N. Gupta (para 2 of his deposition) and (2) S. K. Roy, Neelmani, Lakman Prasad, R. M. Badai, Sunder Lal, J. L. Nag, K. M. Selvaraj, P. K. Vishwakarma, R. K. Vishwakarma, T. L. Sethi, R. I. Sharma and Harminder Singh were also charge-sheeted along with Shri Chakraborty and were also suspended for the reasons given in para 6 of the statement of claim. No other person except the workmen, Shri B. Chakraborty's services have been terminated in relation to this incidence. Only three persons were demoted and no action was taken against the remaining workmen.

16. Having gone through the evidence adduced by the management it can certainly be said that the workman concerned was present all the time in the front line and obstructed the working of the Service Centre by not permitting the dumpers to go out for work. But the fact remains that there were various other workmen also along with Shri B. Chakraborty and there is no substantive evidence to show that he was in substance behind all this. This fact may be inferred from the post the workman concerned was occupying as Union leader because nobody has deposed to have seen him organising or managing the strike or even leading the strike or the mob. The only things that can be said that he was one of the front liners and in the background of his position it can be inferred that he might be leading the mob.

17. I have already pointed out above that as per the workman concerned the persons of other unions were not so gravely dealt with and various persons were left though action was taken against them for the same charge.

18. From all the documentary and oral evidence adduced by the management it is established that Shri B. Chakraborty was one of those 50 persons who had collected at the

gate of the Service Centre and did not permit dumpers to go out, thereby creating obstruction in the work and loss to the management. They have reasons for the same, may be genuine or not.

19. Thus the factum of misconduct is certainly there inasmuch as the workman concerned had misconducted himself by obstructing the movement of the dumpers in the Service Centre thereby created wilful insubordination and disobedience. His act was certainly not an act of discipline. He had breached the provisions of the Standing Orders affecting the operation of the management.

20. Thus the charges as held proved against the workman concerned, during the enquiry also stand proved against him. But considering the entire facts and circumstances of this case and also looking to the fact that the punishment was discriminatory he does not deserve the punishment of termination from service. Looking to his previous record it would suffice that he should be given a warning that he should not indulge in such illegal activities in future.

21. He is, therefore, directed to be reinstated from the date he was terminated from service without any back wages. I think this punishment is sufficient for the misconduct of the workman concerned. I therefore give my findings as follows:—

1. The termination of the workman is not justified on the facts of this case.
2. The punishment awarded is not proper and legal.
3. The workman is entitled to reinstatement from the date his services were terminated with a warning that he will not indulge in illegal activities in future. He will not be entitled to back wages. He will however, be entitled to all consequential reliefs legally admissible. In substance his period from 29-1-84 till the date of publication of award shall be treated as leave without pay, but his continuity in service shall be maintained. No order as to costs.

Awarded accordingly.

V. N. SHUKLA, Presiding Officer  
[No. I-26012(1)/85 D.II(B)]

का.पा. 3295:—श्रीद्वयिक विवाद अधिनियम, 1947 (1947 का 14) वर्षी धारा 17 के अनुसार में, केन्द्रीय सरकार मैसर्स मैगनीज और (हैंडिया) मि., नागपुर के प्रबन्धनक के संबद्ध नियोजकों और उनके कर्मकारों के बीच, अनुबंध में निर्दिष्ट श्रीद्वयिक विवाद में केन्द्रीय सरकार श्रीद्वयिक अधिकरण, जबलपुर के पंचगंग बो प्रकाशित करती है, जो केन्द्रीय सरकार को 14-11-90 को प्राप्त हुआ था।

S.O. 3295.—In pursuance of Section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the award of the Central Government Industrial dispute, between the employees in relation to the management of M/s. Manganese Ore (India) Ltd., Nagpur and their workmen, which was received by the Central Government on 14-11-1990.

#### ANNEXURE

BEFORE SHRI V. N. SHUKLA, PRESIDING OFFICER,  
CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL-  
CUM-LABOUR COURT, JABALPUR (M.P.)

Case No. CGIT/LC(R)(77)/1985

#### PARTIES :

Employers in relation to the management of M/s. Manganese Ore (India) Ltd., Nagpur and their workmen mentioned in the Annexure to the Schedule of reference, c/o Shri Ismail Ajij Khan, R/o Mansar Mine, Tahsil Ramtek, District Nagpur (MS).

## APPEARANCES :

For workmen . Shri Rishi, Advocate.

For Management—Shri P. S. Nair, Advocate.

INDUSTRY : Manganese Ore DISTRICT :: Nagpur (M.S.)

## AWARD

Dated : November, 1st, 1990

This is a reference made by the Central Government in the Ministry of Labour vide its Notification No. L-27011/5/82-L, III(B) Dated 3-9-1985 of the following dispute, for adjudication:—

"Whether the action of the management of M/s. Manganese Ore (India) Ltd., Nagpur in not granting proper designation and scale of pay of Security Guards to Shri Ismail Ajit Khan and 12 other Chowkidars, names mentioned below, employed at Mansai Manganese Mine is justified? If not, to what relief the workmen are entitled?"

## ANNEXURE

1. Ismail Ajit Khan
2. Sambha Shivram
3. Bhukhadram Patiram
4. Ramdas Hira
5. Chhangalal Rambali
6. Rajjak Nurmohamad
7. Metiram Sukha
8. Shividin Mannu
9. Shivram Bakram
10. Ramnivas Bihari
11. Balmukund Kamsagar
12. Saoji Jhadbad
13. Shankar Mandhari

2. Undisputed facts of the case are that the workmen concerned have been working in Mansai Manganese Mines of the management since last several years in the post of Chowkidar. It is also not disputed that these Chowkidars are doing the work of watching and guarding the premises. This is the usual duty of all Chowkidars.

3. The case of the workmen concerned is that the workmen at Serial Nos. 4, 6, 7, 8, 10, 11 and 12 viz. Ramdas Hira, Rajjak Nurmohamad, Motiram Sukha, Shividin Mannu, Ramnivas Bihari, Balmukund Kamsagar and Saoji Jhadbad respectively are still working as Chowkidars while the workmen at Sl. Nos. 1 & 3 viz Ismail Ajit Khan and Bhukhadram Patiram respectively retired on or about 30-6-1985. The workman Shivram Bakram at Sl. No. 9 has also retired in the year 1985. The workman at Sl. No. 2, Sambha Shivram is dead and the workman Shankar Mandhari at Sl. No. 13 has resigned.

4. According to the workmen, they have been raising demand as back as 1981 for their being categorised as Security Guards because they have been actually working in that capacity though they are designated as Chowkidars. They are working as Chowkidars since about 15—20 years. The work of the Chowkidar is to watch and guard the premises of the mine during night hours. They are required to work in any shift for eight hours. Besides these Chowkidars there are some other workers who do the same and similar work but they are categorised as Security Guards. These designated Security Guards also perform the job of Chowkidar for all practical purposes. Their duties are the same. Hence they should be designated as Security Guards and be given pay scale of the Security Guard from 1-1-1977 onwards with difference of wages etc. and all consequential benefits.

5. The retired, dead and the Chowkidars who have resigned may also be given benefit accordingly.

6. The management at the outset raised the dispute that because the case is pending before the Labour Court, Nagpur, it cannot be adjudicated upon by this Tribunal. According to the management the scales of pay, mode of recruitment, minimum educational qualifications of Security Guard are

entirely different than those of Chowkidar as enumerated in para 6 of the written statement which are as follows :—

(i) Scale of Pay—Rs. 150—262.

(ii) Method of recruitment—100% by direct recruitment.  
(iii) Age Limit—49 years.

(iv) Minimum educational qualification & experience—Literate Ex-servicemen/Police men with 10 years experience.

Security Guards are recruited according to the rules and regulations laid down for their recruitment. It is only in special cases where Departmental Promotion Committee considers the case of employees who have the minimum qualifications and who fulfil the conditions prescribed for the post of Security Guard. A Departmental promotion Committee was held on 24-4-1981 and S/Sr. Ismail Khan, Asif Khan, Changalal Rambali, Abdul Razak, Noor Mohan and Shivram Bakaram were called by the D.P.C. but they were found unfit for promotion/appointment to the post of Security Guard.

7. In contrast to the post of Chowkidar the security Guards have to keep very good health as otherwise they shall not be in a position to discharge their duties satisfactorily. They have to participate in day to day parades. Likewise, they have to undergo training like lighting, very often they are also to control violent demonstrations etc. staged by the workers at the Mines. The Security Guards are also required to perform patrolling duty during night irrespective of severe cold, heavy rain etc. They have to handle fire arms also and to have a lining for that purpose. Thus their job is of technical nature, that is why Ex-servicemen and Ex-police personnel with Home Guards training etc. are employed as Security Guards. The responsibilities of the Security Guards are higher and their qualifications are entirely different.

8. As against this, the Chowkidars are by and large require to do stationary work and that too at the residence of the officers. In other words, the nature of work is mostly domestic as domestic servants. It is due to this reason that the management deploys unskilled piece rated workers who are found medically unfit for work as piece rated workers at the mine as Chowkidars to provide them alternate employment on compassionate ground. But for this arrangement, most of these Chowkidars would have been discharged from service on medical grounds as they are not medically fit to discharge the duties for which they were originally engaged. Thus no comparison can be made between a Chowkidar and a Security Guard and the claim of the workmen concerned being unjust is liable to be rejected.

9 Reference was the issue in this case.

10. At the outset I must point out that the case pending before the Nagpur Labour Court has already been disposed of as withdrawn and the record of the said Court (CGID-A No. 123/81) is on the record of this Court and with the consent of the parties they are admitted to be read as evidence of this Court.

11. Document No. 2 (Ex. 15) on the record of Nagpur Labour Court prescribes qualifications for the post of Security Guards.

12. In this regard a reference has to be made towards document No. 1 of the said Court which speaks for itself about raising a Security Organisation for the security of the property of the industry. Various categories of workmen have been brought into existence such as Security Inspector, Assistant Security Inspector, Road Security Guard, Security Guard etc. The job that has to be performed by the Security Guard has been given in details in this document. Obviously it can be seen without any further discussions that the job of the Security Guard is of higher responsibility than the ordinary Chowkidar and for this reason only Ex-service men who have experience in the Branch are employed for the said job. I need not go into the details of other evidence on record and the testimony of Ismail Khan and Kishun Narayan S/o Tripathi suffice it to say that the case of the management is so patently clear that Chowkidars cannot be compared with Security Guards. The job of the Security Guards are of higher responsibility as pleaded by the management which is supported by the evidence on record of the Labour Court.

## 13. My findings are therefore as follows :—

That the action of the management of M/s. Manganese Ore (India) Ltd., Nagpur in not granting proper designation and scale of pay of Security Guards to Shri Ismail Ajit Khan and 12 other Chowkidars named in the Annexure to the Schedule of Reference employed at Mansa Manganese Mine is justified. The workmen are not entitled to any relief. No order as to cost :—

Award is recorded accordingly.

V. N. SHUKLA, Presiding Officer  
[No. L-27011/5/82-D.III(B)]

## आदेश

नई दिल्ली, 21 नवम्बर, 1990

का. आ. 3396.—जबकि एसोसिएटेड सीमेंट कंपनीज निः, चन्द्रा सीमेंट वर्क्स की सिंडोला लाइमस्टोन माइन, डाकघर सीमेंटतगर, जिला चन्द्रपुर (महाराष्ट्र) के प्रवंशतंत्र में नियोजकों और उनके कर्मकारों के बीच, जिनका प्रतिनिधित्व विवर्भ स्टोन माइन वर्क्स यूनियन, डाकघर सिंडोला माइन्स जिला यवतमाल (महाराष्ट्र) करती है, एक शोधोगिक विवाद विद्यमान है;

## ORDER

New Delhi, the 21st November, 1990

S.O. 3296.—Whereas an industrial dispute exists between the employers in relation to the management of Associated Cement Companies Ltd., Sindola Limesone Mines of Chanda Cement Works P.O. Cement Nagar, Distt. Chandrapur (M.S.) and their workmen represented by Vidarbha Stone Mine Distt. Yeotmal (M.S.);

And whereas, the said employers and their workmen have by a written agreement under Sec. 10A of the Industrial

Disputes Act, 1947 (14 of 1947), agreed to refer the said dispute to Arbitration and have forwarded to the Central Government under sub-section (3) of Section 10-A of the said Act, a copy of the said arbitration agreement;

Now, therefore, in pursuance of sub-section (3) of Section 10-A of the said Act, the Central Government hereby publishes the said agreement;

#### AGREEMENT

(Under Section 10-A of the I.D. Act, 1947)  
BETWEEN

#### Name of Parties:

##### Representing Employer :

Owner,  
The Associated Cement Co., Ltd.,  
Sindola Limestone Mines of  
Chanda Cement Works.

##### Representing Workmen :

The President/Genl. Secretary,  
Vidarbha Stone Mine Workers'  
Union, Sindola.

It is hereby agreed between the parties to refer the following dispute to the Arbitration of Shri M. N. Chandurkar, Retired Chief Justice of Bombay High Court, 10B 'Samata', Gen. J. Bhonsale Marg, Bombay-400021.

(t)

#### TERMS OF REFERENCE

Whether the dismissal of ५(five) workmen, viz., Shri N. Z. Khade, T. No. 917 (QHEO), P. D. Hongle (T. No. 922/QHEO), P. L. Milmule, T. No. 940/ (QHEO), Y. R. Raot, T. No. 1123/Blaster and S. K. Giri, T. No. 1098, Mazdoor of M/s A.C.C. Limited, Sindola Limestone Mines with effect from 19-9-1990 is proper and justified ? If not, to what relief they are entitled ?

#### (ii) Details of the Parties :

(1) Shri S. N. Srivathsava, Owner, Sindola Limestone Mines of Chanda Cement Works, P.O. Cement Nagar, Distt: Chandrapur State: Maharashtra PIN— 442502.

(2) Shri D. N. Pardhi, President, Vidarbha Stone Mine Workers' Union,  
Shri J. F. Joshi, General Secretary, Vidarbha Stone Mine Workers' Union.  
P.O. SINDOLA MINES Dist : Yeotmal (M.S.)

#### (iii) Name of the Union, if any representing the workmen

Vidarbha Stone Mine  
Workers' Union.

#### (iv) Total number of workmen employed in the undertaking affected

: ५ dismissed workmen.

#### (v) Estimated number of workmen affected

We further agree that decision of the Arbitrator be binding on us.

The Arbitrator shall make his award within a period of three months or within such further time as it extended by mutual agreement extended by us in writing. In case the award is not made within the period afore-mentioned, the reference to arbitration shall stand automatically cancelled and we shall be free to negotiate for fresh arbitration.

Representing Employer : Representing Workmen:  
Sd/-

(1) (S. N. SRIVATHSAVA)

Owner : Sindola Lime Stone  
Mines.

(1) (D. N. PARDHI)

President, Vidarbha  
Stone Mine Workers'  
Union.  
Sd/-

(2) (G. F. JOSHI)  
Genl. Secretary

#### Witnesses :

Sd/-

5 dismissed workmen

(1) (B. N. SINHA)  
R.L.C. (C). NAGPUR.  
Sd/-

(2) (RAM SINGH)  
A.L.C. (C)—I NAGPUR.

#### CONSENT OF THE ARBITRATOR

M. N. CHANDURKAR

Ex-Chief Justice

High Court at Bombay

High Court at Madras

10 B 'SAMATA',  
Gen. J. Bhonsale Marg.  
BOMBAY-400021  
Tel. No. 234178

October 31, 1990

I have no objection to act as Arbitrator as contemplated by the terms of reference in the Arbitration Settlement as contained in TPM No. 2343 dated 30-10-1990.

CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL  
CUM LABOUR COURT, PANDU NAGAR, KANPUR

Industrial Dispute No. 262 of 1989

Zonal Working President,  
Uttar Rly. Karamchali Union, 96/196  
Roshan Bajaj Lane Ganeshganj  
Lucknow.

AND

SI. Divisional Personnel Officer,  
N. R. Hazarai Ganj Lucknow.

#### AWARD

The Central Government Ministry of Labour vide its notification No. L-41011/44/78-D.II-2(E) dt. 3-10-89 has referred the following dispute for adjudication to this Tribunal :

Whether Sr. D.P.O. Northern Rly Lucknow was justified in not regularising the service of S/Shri Chandrama Singh, Devanant Pandey, Arun Kumar Dubey and Virender Kumar Tripathi as cleaners at LKO shed Faizabad from the date of their appointment. If not, what relief the workmen were entitled to ?

2. The industrial dispute on behalf of the 4 workmen has been raised by Uttar Rly. Karamchari Union (hereinafter called as Union for short).

3. The Union's case is that S/Shri Chandrama Singh, Devanand Pandey, Arun Kumar Dubey and Surendra Kumar Tripathi were recruited as substitute and 5-10-75 (IOW) 1-12-78 (Loco Shed) 2-2-72, 21-5-78 and 10-1-77 respectively and they were medically tested in 1984. All along their services were utilised as cleaners. Their screening took place in 1982. Previously the management placed their names in the list of Fitter Khalasi without assigning any reason for the change in category. Against that they filed appeals which have not been decided one way or the other. The Union alleges that S/Shri Vijay Bahadur Singh Sh. A. K. Mishra, A. M. Singh and others who are qualified for category A-2/B-1 have been declared cleaners by the Screening Committee. The Union has therefore prayed that the above named 4 workmen be held as cleaners and they be deemed to have been become regular on the post of cleaners.

4. The management plead that all the four workmen were engaged as substitute in the Locoshed Faizabad against day to day casualties. They were medically tested in 1984. Upon screening a panel of successful candidates was declared vide letter No. 220/E/1-5 Screening/82-83 dt 6-8-84 whereas S/Shri Chandrama Singh, Devanand Pandey and Arun Kumar Debey were found fit for the post of Fitter Khalasi.

Shri Surendra Kumar Tripathi was found fit for the post of Boiler Maker Khalasi. In the panel their position were 2, 67, 15 and 46 respectively. According to the management there is no rules for the candidates who appeared before the Screening Committee of giving option for the categories for which selection is held. It is for the Selection Board to adjudicate candidates for the fitness of particular category on overall performance of the candidates in the interview/screening. The rest of the allegations made by the Union in the claim statement have been denied. The management have also raised certain legal pleas. According to the management the industrial dispute on behalf of these 4 workmen has been raised by an unrecognised union and also by a person who has no legal authority to raise it. Thus the proceedings before the ALC (C) were not legally maintainable.

5. In the rejoinder it has been alleged by the Union that it was not possible for the screening committee to adjudicate the performance of the four workmen as Fitter Khalasi as they had never worked as Fitter Khalasi. The Union further alleges that it is valid industrial dispute. The management have no right to challenge the selection of office bearers by the members of the Union. No other new fact has been alleged in the rejoinder by the Union.

6. In support of its case, the Union has filed the affidavit of Shri Arun Kumar Dubey one of the workman. On the other hand the management have adduced no evidence in retutal.

7. In his cross examination, Shri Arun Kumar Dubey has deposed that after declaration of result none of the workman joined the post of Fitter Khalasi. Even after the declaration of result all of them have worked as cleaners.

8. Thus from the unrebutted evidence the following facts stand proved—

1. that all the 4 workmen were initially appointed on dates mentioned in the claim statement;
2. that from the very beginning they have worked as substitute cleaners; and
3. that screening committee found them fit for the post fitter khalasis.

I may state here that during the course of arguments it was conceded by Shri Tewari, A.R. for the Union, that the pay scales of cleaner, Fitter Khalasis is the same. Shri Tewari has argued that the screening committee has no power/jurisdiction to held a person fit for a job of the category other than the job which that person has been doing. Since they have no experience of the job of Fitter

khalasi, it will amount to injustice if they are asked to join as fitter khalasis.

9. On the other hand Shri H. Qureshi the authorised representative for the management, has argued that the Screening Committee is fully empowered to look into the suitability of a person at the time of screening for the job. The Tribunal is not competent to interfere in the decision taken by the screening committee.

10. I may state here that neither side has placed any rule, circular or notification of the Railway on the point at issue. As admitted before me by Shri Tewari, the scales of pay of fitter khalasi and cleaner are the same. I have not been shown by Shri Tewari how the chances of further promotions of the workmen would be affected in case of their joining as fitter khalasis.

11. To my mind the Tribunal should not interfere in the decision taken by the screening committee. For what category of job a person will be suitable, it is for the screening committee to decide. This is no argument that the workmen have not ever worked as fitter khalasis. When the pay scales are the same and that it has not been shown that their further chances of promotions are in any way affected, it will not be just and proper for this tribunal to interfere with the decision taken by the screening committee.

12. I therefore answer the reference against the Union/workmen.

ARJAN DEV, Presiding Officer

S.O. 3298.—In pursuance of Section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the award of the Central Government Industrial Tribunal, Kanpur as shown in the Annexure, in the industrial dispute between the employers in relation to the management of Northern Railway, Lucknow and their workmen, which was received by the Central Government on 9-11-1990.

#### ANNEXURE

BEFORE SHRI ARJAN DEV, PRESIDING OFFICER,  
CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL  
CUM-LABOUR COURT, PANDU NAGAR, KANPUR  
Industrial Dispute No. 252/89

In the matter of dispute between :

Assistant General Secretary,  
U.R.K.U. 39 II Multistoreyed Rly. Colony,  
Charbagh, Lucknow.

AND

Sr. Divisional Personnel Officer,  
Uttar Rly, Hazaraganj, Lucknow.

#### AWARD

1. The Central Government Ministry of Labour, vide Its notification No. 1-41012/20/89-D-2(B), dt. 9-10-89, has referred the following dispute for adjudication to this Tribunal:

Whether the Sr. D.P.O./Sr. D.O.S., N. Rly, Lucknow was justified in terminating the services of Shri Suresh Singh son of Shri Hira Lal, porter, Magarwara Station w.e.f. Act 1947? If not, what relief the workman was entitled to?

2. The industrial dispute on behalf of the workman has been raised by Uttar Rly. Karamchari Union (For short U.R.K.U.). From the reference order it is evident that in

it the date of termination of the workman has not been given. Instead of date word 'Act 1947' is mentioned. Even these words are not sufficient to connect the exact Act. Any way the tribunal may treat the date of alleged termination as has been given by the Union in its claim statement.

3. The case of the Union in short is that the workman was appointed as a porter at Magarwara Rly. Station District Unnao by Shri R. K. Sen, Asstt. Operating Suptd., Northern Rly., vide appointment letter No. 220/E/5-10/SOB/69-62-83 dt. 4-12-82 and it received post facto sanction on 12-12-82 vide letter No. 220/E/5-D/Sub-sanction dt. 12-12-82. The Union alleges that the workman passed the medical test in category A-2 meant for Transportation Staff on 11-11-82, the copies of these documents are annexures I, II and III of the claim statement. I may state here that there has been no marking on these documents, the Tribunal has itself has done the marking on the back of right hand side corner (bottom) of these documents. The union further alleges that the workman had worked upto 2-4-87. On 3-4-87, the workman was again sent for medical examination but the D.M.O. objected on the ground as to why he was not sent for periodical medical test every third year, as per Rly. Rules. On objection raised by the workman delivered the said letter to the Station Suptd., Magarwara the same day. However, the Station Suptd., Magarwara neither sent him again for medical examination nor gave him duty thereafter. Thus virtually his services stood w.e.f. 3-4-87 by which time he had completed more than 240 days of working in a year several times. The provisions of Secs. 25G, 25H of the Act read with Rules 77 and 78 of the I.D. Central Rules have been violated by the management at the time of termination of his services. The Union, has therefore, prayed that the workman be reinstated in service with full back wages and all consequential benefits.

4. In defence, the management plead that Shri Suresh Singh (referred to as Shri Singh for short) in connivance with some office staff got his name entered in the rolls of the Rly. Administration as a substitute porter. As a matter of fact the Assistant Operating Superintendent (C) had no power to engage any substitute porter in 1983, because of the total ban on the recruitment of casual labour, except with the prior approval of the General Manager, vide printed serial No. 7716-A dt. 3-1-81 modifying the earlier instructions on the subject contained in printed serial No. 6963 dt. 20-3-78 that casual labour could be engaged with the personal orders of the Divisional Suptd., now DRM. In the circumstances, the engagement of Sh. Singh was illegal, being against the Rly. Rules. In this connection the management further plead that Sh. Singh is a fraudulent person and as such he is entitled to no relief. In the alternative on merits, the management plead that substitutes are utilised against day to day casualties of department and as such they have no legal right to claim permanent job unless they are selected by the screening committee. The fact is that Sh. Singh did not turn up for duty at Magarwara Rly. Station on 12-3-87 when he came to know that some inquiry was being conducted in connection with his engagement as porter at the said station. Further Sh. Singh had not completed 240 days in the last preceding one year. Hence, he is not entitled to any protection under the provisions of the I.D. Act. Lastly some legal pleas have been raised by the management. According to the management there is no valid industrial dispute u/s 2(k) I.D. Act. The reference order is bad in law. The aforesaid Union is not a recognised Union and there is no post of Zonal Working President in the said Union.

5. I may state here that Sh. B. D. Tewari, has signed the claim statement in his capacity as Zonal Working President.

6. In the rejoinder the Union alleges that the appointment of the workman was validly made. No letter of appointment could be issued without the approval of the DRM. In any case for any lapse on the part of the Rly. Administration, the workman cannot suffer. The Union further alleges that the referenced order is not bad in law. It is also alleged by the Zonal Working President that it is not open to the management to raise objection against the election of office bearers by the members of the Union.

7. In support of its case, the Union has filed the affidavit of Shri Singh and a number of documents. On the other

hand, in support of their case, the management have not led any oral evidence. The management have simply relied on documentary evidence.

8. The first point which arises for determination in this case is whether the initial appointment of Shri Singh was or was not valid ab initio. Ex. M2 is the copy of Printed Sl. No. 6963, No. 220/E/190. X(E-iv) dt. 20-3-78 on the subject of De-casualisation of casual labour. It seems to have been issued in continuation of instructions contained in Rly. Board's letter No. E(G)/11/74/CL-27 dt. 20-6-74. According to printed serial No. 6963 dt. 20-3-78 in take of fresh casual labour was made subject to the personal orders of the I.S. It refers to the bank on intake of fresh casual labour. Ext. M-1 is the copy of printed serial No. 7716-A No. 220/E/190-XI dt. 3-1-81. It was in partial modification of printed sl. No. 6963 dt. 20-3-78. It provided that intake of fresh casual labour should be resorted to only after obtaining prior approval of the G.M.

9. From the above mentioned two printed serials it becomes evident that the Rly. Board had imposed a ban on recruitment of fresh casual labour prior to 3-1-81, in cases of emergencies fresh recruitment of casual labour could be done only on the personal orders of the D.S. and from 3-1-81 it could be done only after obtaining the prior approval of the General Manager.

10. With the claim statement, the Union has filed the copy of appointment letter dt. 4-12-82 purported to have been issued by Sh. R. K. Sen, Asstt. Operating Suptd. (G) Lko., appointing Sh. Singh as substitute porter. In the letter of appointment it is mentioned that on 11-11-82, he was held medically fit for A-2 category. It is further mentioned that his engagement as a substitute porter had the approval of the competent authority. Another important fact which is found stated in it is that he had worked as casual labour prior to 1-6-78.

11. Now let us see what Sh. Singh has deposed in his cross-examination. In para 1 of his statement in cross-examination he has stated that he joined the service of the Rly. for the first time in 1982. Immediately, thereafter, he has stated that before 1982, he had never been in the service of the Rly or in any other service. Another fact about which he has deposed is that in connection with his appointment he made an application but with his application he did not enclose any document.

12. Thus the above facts stated by Shri Singh in his Cross-examination belie the facts stated in the appointment letter that he had worked as a casual labour prior to 1-6-78. This casts doubt about the valid appointment of Sh. Singh as a substitute porter. I have already stated above that in the letter of appointment it is stated that the engagement of Shri Singh as substitute porter had the approval of the competent authority. In view of the facts deposed to by Sh. Singh in his cross-examination, this fact as stated in the letter of appointment has to be scrutinised with great care. Firstly, the name of the competent authority is not mentioned and secondly the order with date passed by the competent authority are not referred. It therefore appears to me that in order to circumvent the two printed serials referred to above the Assistant Operating Suptd. (G) mentioned the facts about the approval given by the competent authority and Shri Singh's having worked as casual labour prior to 1-6-78. In view of the ban imposed the Assistant Operating Suptd. (G) Lucknow, could not legally appoint Shri Singh as a substitute porter. It shows that there had been some underhand dealings between Shri R. K. Sen, if the letter of appointment actually bears his signature, and his office staff on the one hand and Shri Singh on the other. During the course of argument it was therefore rightly argued by Shri Ray Jauhari C.L.A. that the appointment of Shri Singh is void ab initio. Since his appointment has been found to be void ab initio. Shri Singh cannot be granted any relief.

13. The second point which arises for determination is whether or not Shri Singh had worked for 240 days during the period of 12 calendar months preceding the date of his alleged termination of services. In this connection, the Union

has filed with the claim statement copy of casual labour card of the workman. The workman has proved it. During the course of his arguments Shri Tewari has argued that from the entries in casual labour card it will appear that he had worked upto 24-4-87 and on taking the period of 12 months from 25-4-86 he will be found to have worked for 213 days. According to him the number of working days so found are without Sundays and Festival holidays. I find that Shri Tewari has not correctly read entries of the casual labour card. The entries are actually upto 24-4-85 and not upto 24-4-87.

14. The entries in the casual labour card appear in respect of December, 1982, 1983, 1984 and 1985 only. There are no entries of the year 1986 and 1987 at all. Similarly, I do not agree with the submission of the auth. representative for the Union that the number of days found by him do not include Sundays and Festival Holidays. The entries show that periods of working are given and on the basis of that number of working days are noted in column No. 3 of the casual labour card. Thus there is no evidence before the Tribunal as to for how many days the workman had worked during the period of 12 calendar months preceding the date of termination of his services. Even no attempt was made by the Union to summon the relevant record from the management. In his cross-examination, Shri Singh has admitted that the original casual labour card was in his possession. In the copy of the casual labour card filed the signatures/L.T.I. of Shri Singh does not appear at the placement at page 3. His signatures simply appear on his photograph. This coupled with absence of entries after 24-4-85 renders the casual labour card of doubtful origin. With the claim statement the Union has filed the copy of letter dt. 3-4-87 from the D.M.O. to the D.P.O. N. Rly., Lucknow, with copy to Station Suptd., Magarwara. The letter shows that the medical memo No. 41 dt. 12-3-87 issued by S.S. Magarwara in favour of Sh. Singh was returned by the D.M.O. with a number of remarks. Firstly it was stated by him that Station Suptd., Magarwara had not given any certificate as required vide DRMs letter dt. 17-4-80. The second remark was that as per entry in the medical memo he was last examined on 11-11-82 whereas his services had been shown as of 9 years. He should have been examined medically every 3 years, which was not done. After making these remarks the D.M.O. was of the view that the medical memo appeared to him to be false. He sent the copy of letter dt. 3-4-87 of the Station Suptd. Magarwara for investigation and necessary action. All this shows that there was some thing wrong some where. After coming to know why the D.M.O. had refused to medically examine him and why he had referred the matter for investigation to D.P.O. there is every likelihood that fearing that the cat might be out of the bag on inquiry, he might have thought it fit to sit at home. It is a fit case where the Rly. Administration should punish those who are found involved in the fraudulent act of making such an appointment.

14. Thus from the above discussion of evidence and circumstances, I hold that the initial appointment of Sh. Singh as void ab initio and consequently, he is not entitled to any relief. Even otherwise he has no case.

15. The reference is answered accordingly.

ARJAN DEV, Presiding Officer  
[No. L-41012/20/89-D.II(B)(Pt.)]

का. आ० 3299 :—श्रीदीयिक विवाद अधिकारियम्, 1947 (1947 का का 14) की तारीख 17 के अनुसरण में, केन्द्रीय सरकार उत्तर रेलवे लंबानन्द के प्रबन्धनात्मक में, मंवड नियोजको और उनके कर्मकारों के बीच, अनुबंध में निर्दिष्ट श्रीदीयिक विवाद में केन्द्रीय सरकार श्रीदीयिक अधिकारण कानपुर के पंचपट को प्रकाशित करनी है, जो केन्द्रीय सरकार को 9-11-90 को प्राप्त हुआ था।

S.O. 3299.—In pursuance of Section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the award of the Central Government Industrial Tribunal, Kanpur as shown in the Annexure, in the industrial dispute between the employers in relation to the management of Northern Railway Lucknow and their workmen, which was received by the Central Government on 9-11-1990.

#### ANNEXURE

BEFORE SHRI ARJAN DEV, PRESIDING OFFICER,  
CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL,  
PANDU NAGAR, KANPUR

Industrial Dispute No. 40 of 1989

In the matter of dispute between :

The Divisional Secretary, U.R.K.U. 96/196 Roshan Bajaj Lane, Ganesh Ganj, Lucknow.

AND

Senior Divisional Personnel Officer, Northern Railway, Lucknow.

#### AWARD

1. The industrial dispute on behalf of the workman has been raised by Uttar Railway Karamchari Union (for short as U.R.K.U.).

2. The case of the Union is that the workman was Senior TTE in Lucknow Division of Northern Railway in grade Rs. 330-560, and he was senior to S/Shri K. P. Singh, K. L. Srivastava, Conductors and S/Shri R. A. Srivastava, K. J. Tondon, Puran Lal, J. P. Bhardwaj, R. S. Ahluwalia, Mohd. Mon Khan, S. P. Srivastava, H. N. Mishra, D. B. Singh and K. K. Sachdeva, TTTS/TCs Grade Special. However in subsequent circulated seniority list the above named persons were declared senior to the workman. The result was that in promotion to Gr. 700-900 (AS)/Rs. 2000-3200 (RPS) the workman stood superseded by these juniors and he was to retire on attaining the age of superannuation on a lower pay. The Union alleges that the workman was due for promotion in Gr. Rs. 700-900(AS)/ Rs. 2000-3200 (RPS) w.e.f. 1-1-84/1-1-86, which promotion however, was not given to him inspite of repeated representations made by him. The Union has therefore, prayed that the workman be held senior to the above named 12 persons and further held entitled to promotion in Gr. Rs 700-900/Rs. 2000-3200 w.e.f. 1-1-84/1-1-86. The Union has therefore prayed that the workman be given benefit of next below rule and arrear of pay be given to him w.e.f 1-1-84.

3. The management plead in defence that the workman is junior to all these 12 persons in Gr. Rs. 425-640 (RS) as those persons were promoted as Conductors/Head TCs earlier to him. Further as per channel promotion of Ticket Checking Staff, promotions to the post of conductors/HTCs/TTEs in Gr. Rs. 425-640 (RS) used to be made on the basis of options made by TTEs of Gr. Rs. 330-560 (RS). Accordingly those persons who opted for the post of HTCs/Conductors were promoted earlier to the workman. The workman co-optee for the post of STE retired on attaining the age of superannuation on 30-11-86. The management deny that the workman ever made any representation either during his service tenure or after his retirement. It is also contended by the management that the case is not maintainable against persons who have not been made parties. The workman even neither raised such a dispute before ALC(C) Lucknow. Hence the reference order is bad in law. In fact there is no valid industrial dispute in terms of Sec. 2(k) ID. Act. Lastly, the management plead that the Union which has espoused the case of the workman is not a recognised Union. The alleged Zonal Working President has got no legal right to raise an industrial dispute nor has he any authority to file the claim statement in the present case. I may state here that the claim statement is signed by Shri B. D. Tewari, in his capacity as Zonal Working President of the Union.

4. The Union has also relied in the case. In it, it is alleged by the Union that seniority is determined on the basis of promotion as STE. The Union has based the claim of the workman on mandatory provisions. The rest of the plea raised by the management have been disposed by the Union.

5. In support of its case the Union has filed the affidavit of the workman and a number of documents. On the other hand in support of their case, the management have simply filed a few documents.

6. First of all I would like to refer to Annexure A of the affidavit of the workman. It is Head Quarter's Office Letter no. 561-E/92-V (EIC) dt. 6-1-86 written by the General Manager (P) to the DRMS of the various Rlys. on the subject of revised channel of promotion of Ticket Checking Staff including Conductors. From the channel of promotion given it appears that TTEs in Gr. Rs. 330-560 (RS) are to exercise their option for any of the three categories of the posts in Gr. 425-640 (RS). These three categories of the posts are HTCRs, Conductors and Supr./STEs. Posts of HTCRs and Supr./STEs have been described as Selection Post. With regard to the post of Conductors it is stated that it will be on the basis of seniority cum suitability with written and oral tests. After the grade of Rs. 425-640 (RS) there is the grade of Rs. 550-750 (RS), and this Grade is of to junior inspector (Tickets). The post of junior inspector (Tickets) seems to be a non-selection post depending on seniority cum suitability (review of records ad viva-voce). With respect to the post of Junior Inspector (Tickets) there is a note at the bottom and it is that seniority of staff for the purposes of promotion to grade Rs. 550-750 (RS) has to be prepared based on length of service in Gr. Rs. 330-560 (RS) on regular post after selection/suitability keeping their seniority intact in their respective categories in Gr. Rs. 425-640 (RS).

7. Annexure B is another Hqrs Office Letter No. 561-F/92/V(EIC) dt. 26-9-86 from General Manager(P) of DRMs on the subject of Channel of promotions of Ticket Checking Staff including Conductors. The letter is accompanied by one annexure. The letter shows that the Rly. Board have taken the decision that the post of Conductors in Gr. Rs. 425-540 (RS) may be filled by the staff who have cleared the selection for promotion to Gr. Rs. 425-640 (RS). In the letter are which defined term 'Selection' & 'Non-Selection'. With regard to the former the following lines appear—

By forming a common panel of the three categories of Hd. TCRs, Supervisor/STPs and Conductors Gr. Rs. 425-640 (RS) and then deploy them as Hd. Ticket Collectors, Conductors and Hd. TTEs in the order on selection to that grade :—(P-6A prerequisite for posting in all the three categories) and with regard to the letter the following lines appear—

By seniority cum suitability (review of record and Viva Voce).

With regard to promotion as Junior Inspector (Tickets) in Gr. Rs. 550-750 (RS) Shri B. D. Tewari has interpreted the letter dt. 6-1-86, in this way According to him at the time of promotion from Gr. Rs. 425-640 (RS) to grade Rs. 550-750 (RS) the seniority of all those working in the three categories in Gr. Rs. 425-640 (RS) will be determined on the basis of their seniority in Gr. Rs. 330-560 (RS). Let us assume that the interpretation as given by Shri Tewari is correct. It follows, therefore, that when vacancies of Junior Inspectors (Tickets) are to be filled all those working as HTCRs/Conductors and Supr./STEs in Gr. Rs. 425-640 (RS) on regular basis will be considered and those who stand above others in seniority in Gr. Rs. 330-560, will be given first chance for promotion as Junior Inspector (Tickets). It also follows that where a person who had been senior in Gr. Rs. 330-560 to those working in Gr. Rs. 425-640 (RS) has not been selected/promoted by then in the Gr. Rs. 425-640 (RS) he will not be considered for promotion to the post of Junior Inspector (Tickets) in Gr. Rs. 550-750 (RS).

7. The question which therefore arises is that at the time when vacancies of junior inspectors (tickets) Gr. Rs. 550-750 (RS) were filled what was the position of the workman viz-a-viz the 12 persons named by him, that is to say whether or not by then he had been promoted to the post of STE in Gr. Rs. 425-640. There is no evidence from the side of the Union on this point. All that has been stated by the workman in his cross examination is that those 12 persons were promoted as HTCs and Conductors earlier to him. Further statement made by him in cross examination go to show that the workman is a confused person. A little after making the said statement he has said that some of

those persons were promoted as Conductors and the rest promoted as HTCs about a year or six months before his retirement. However, when inquiry in this regard was made regarding him, he stated at page 3 that he was promoted as STE in 1983. This is contrary to what he has said earlier.

9. He also does not seem to be clear as to in what grade he was at the time of his retirement. In para 4 of his affidavit he has deposed that at the time of retirement he was in Gr. Rs. 425-640, and in para 7 of his affidavit he has deposed that at that time he was in Gr. Rs. 550-750.

10. I may state here that during the course of his arguments it was submitted by Shri B. D. Tewari that for about six years the applicant was not called for selection for promotion to the post of STE in Gr. Rs. 425-640 (RS) with the result that these 12 persons who were junior to him had become senior to him in Gr. Rs. 425-640 (RS) on account of their having been selected for promotions as HTCRs and Conductors much earlier to the workman.

11. I may state here that no attempt was made by the Union to summon the records in this regard in order to make the position clear. Had the workman been selected as STE in Gr. Rs. 425-640 (RS) before to the filling up of vacancies of Junior Inspectors (Tickets) by those 12 persons, he (Shri Tewari) as an experienced authorised representative would not have kept mum and would have surely summoned the relevant records from the Rly. Administration. So it remains only a submission without evidence on the point that he was not called for selection. However, one thing which becomes clear from the submission; is that his promotion in Gr. Rs. 425-640 took place more than 6 years after the exercise of option by him. Naturally if these 12 persons were promoted as Junior Inspectors (Tickets) before workman's promotion as STE, they may despite being junior to him in Gr. Rs. 330-560 (RS) would become senior to him and this seems to have happened in the present case.

12. In this connection I would like to refer to the option given by the workman and the representations made by him. Annex. I to his affidavit is the copy of his option. It shows that he gave his option for the post of STE on 24-10-75 with full knowledge that the option once exercised by him would not be changed in future. Annexures C&D are the copies of the workman's representations dt. 3-1-86 and 15-6-86 respectively. Annexure E is the copy of joint representation dt. Nil. In the joint representation the procedure for taking option from the TTEs Gr. Rs. 330-560 has been challenged and with regard to it, it is said that because of lengthy process of holding selection, the staff which opts for the posts of HTCs/STEs generally suffer and those who opt for the post of Conductors, because of no selection for that category of posts, whenever any post occurs in Gr. Rs. 550-750 they are promoted earlier. All this is unconstitutional being in violation of Article 14 and 16 of the Constitution.

13. Thus from the above facts and circumstances it is clear that the Union has been unable to establish the workman's case for want of sufficient evidence on material points. Hence, it is held that the workman is not entitled to promotion in Gr. Rs. 700-900 RS w.e.f. 1-1-1984 and in Grade Rs. 2000-3200 w.e.f. 1-1-86.

14. The reference is answered accordingly.

New Delhi, the 16th November, 1990

S.O. 3302.—In pursuance of Section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the award of the Central Government Industrial Tribunal, Jabalpur as shown in the Annexure, in the industrial dispute between the employers in relation to the management of Divisional Engineer Telegraphs, Nagpur and their workmen, which was received by the Central Government on 14th November, 1990.

BEFORE SHRI V. N. SHUKLA, PRESIDING OFFICER,  
CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL—  
CUM-LABOUR COURT, JABALPUR (M.P.)  
Case No. CGIT/LC(R)(97)/1986

**PARTIES :**

Employers in relation to the management of Divisional  
Engineer, Telegraphs, Nagpur (MS),

AND

Their workman Shri S. M. Deshmukh, Temporary Casual  
Office Assistant, P.O. Adyal (Dhupacha) Tahsil  
Bhiwapur, District Nagpur (M.S.).

**APPEARANCES :**

For workman—Shri P. M. Deskar, Advocate.

For management—Shri Ramesh Darda, Advocate.

INDUSTRY : Telegraphs. DISTRICT : Nagpur (M.S.)

**AWARD**

Dated, November 1, 1990

This is a reference made by the Central Government in the Ministry of Labour vide its Notification No. L-40012/22/85-D.II(B) dated 16th December, 1986, for adjudication of the following dispute :—

"Whether the action of the management of Divisional Engineer, Telegraphs, Nagpur in terminating the services of Shri S. M. Deshmukh, Temporary Casual Office Assistant w.e.f. 2nd April, 1984 and further directing him to work as Casual Labour is justified? If not, to what relief is the workman entitled?"

2. Undisputed facts of the case are that Shri Shamrao Mansaram Deshmukh was working with the management during the year 1984. It is also not disputed that he was initially appointed as Casual Labour.

3. The case of the workman in brief is that he was appointed on 15th October, 1980 as Casual Mazdoor. He worked on the said post for about one year i.e. upto 15th October, 1981 continuously. Thereafter he was appointed on the post of Casual Office Assistant since 16th October, 1981 and worked on the said post till 7th April, 1983. His name was thereafter sponsored by the S.D.O. Telegraphs to the District Employment Officer and in turn the District Employment Officer sent his name. Thereafter he was appointed vide letter dated 26th April, 1983 on the post of Casual Office Assistant which is equivalent to Time Scale Clerk. He knows and dealt A to Z files i.e. Accounts, Construction, Establishment, Telephones Section etc. etc. during the said period. On 2nd April, 1984 at about 1 p.m. S.D.O. Telegraphs issued a termination order showing him as a Casual Labour without issuing any show cause notice and without giving any opportunity to him of hearing as also without giving mandatory notice. He has worked on the said post from 16th October, 1981 to 2nd April, 1984 continuously without break and as per service conditions of Central Government employees, his work was satisfactory, his termination order is bad in law, no departmental enquiry was held against him. He is accordingly entitled to be reinstated on the said post and be regularised with all back wages and consequential reliefs.

4. The case of the management is that the workman was the daily wage labour on muster roll for about a year during 1980-81. His appointment was not against any post. He was never appointed as Casual Office Assistant as there is no such post in the department. Telecom Office Assistants are never appointed as Casuals and a procedure is laid down for their appointment. Services of a Casual Labour can be utilised for any purpose viz. for digging, trenches, climbing

the post for line work, guarding the store godown, helping in office work or assisting Cable Splicer in jointing work etc. etc. It does not confer upon him any claim or right for regular appointment. He was never retrenched. His services were never terminated. They could be terminated at any time without any notice. He was paid only Rs. 9 per day. The contention that the post of temporary office Assistants and Time Scale Clerks are equivalent is totally false and misleading. The letter dated 2nd March, 1984 is not a termination order. It is only a direction to work from one location to another location without changing his status as casual labour. No question of his reinstatement arises. Reference is liable to be dismissed.

**5. Reference is the Issue in the instant case.**

6. The workman has proved five documents Ex. W/1 to Ex. W/5 in support of his case while the management has examined Manohar Raghunath Wadekar, S.D.O. P&T Bhandara in support of their specific case. Documents Ex. W/1 to Ex. W/5 have not been disputed.

7. Coming to Ex. W/1 which is a certificate dated 7th April, 1983 given by the S.D.O. Telegraphs, Bhandara. the workman has been mentioned as Casual Office Assistant. Ex. W/2 is the copy of the appointment letter, the relevant part of which is as under :—

"You have been selected for the post of Temporary Casual Office Assistant."

The Certificate dated 31st January, 1984 also discloses that till that date the workman concerned had worked for 744 days as Casual Office Assistant in the office of the S.D.O. Telegraphs Bhandara since 16th October, 1981 till that date.

8. All of a sudden the picture changed and as per letter dated 2nd March, 1984, copy of which is Ex. W/4 (it appears to be 2nd April, 1984) the workman was shown as Casual Labour. This is the document which is said to be the termination order by the workman, hence its reference is material. It runs as thus :—

"Services of Shri S. M. Deshmukh, Casual Labour are no more required in the office w.e.f. 2nd March, 1984. He is hereby directed to report to the J.E. Phones (I) Bhandara for the maintenance work for performing his further duty."

Ex. W/5 is the copy of the notice.

9. M.W. I, Manohar Raghunath Wadekar, while explaining "Casual Office Assistant" has stated that it means "Casual Worker of Office Assistant". It follows that the workman was employed as Office Assistant on casual basis. The fact remains that the workman was employed as Office Assistant though on casual basis. Thus the version of the management to the effect that the workman concerned was a Casual Labour is not acceptable he was very much Office Assistant though employed on casual basis. This fact has been further clarified from the testimony of M.W. I. Manohar Raghunath Wadekar. He admits in para 4 of his deposition that when the workman was employed there was no clerk in the office for three years because the office was not established as regular office and during all this time the workman worked as a Clerk. Thus it becomes very clear that the workman was not a Casual Labour but a Clerk employed on casual basis in the capacity of office Assistant.

10. I therefore hold that the workman was not a Casual Labour but was an Office Assistant which is a clerical post though employed on casual basis. Undisputedly he worked for 744 days till 31st January, 1984 and about 3 months more thereafter as Office Assistant.

11. Now all of a sudden an order was issued to the effect that his services as Casual Labour are no more required and that he should report to the J.E. Telephones (I) Bhandara for the maintenance work for performing his further duty.

12. Now the question is whether it should be treated as reversion order or termination order. It has to be kept in mind that he was a Casual worker and had worked for about 3 years in the capacity of office Assistant. Because

he was a casual worker the order Ex. W/4 amounts to termination order from the post of office Assistant and amounts to assigning a new job of casual labour which, of course, he did not join. It is obviously for this reason that the Government has proceeded with the assumption that it was a termination order and this Court shall not go beyond the order of reference in this regard. (See M.P. High Court Judgment dated 2nd August, 1989 in M.P. No. 3958/88 Azad Koyala Shramik Sabha Vs. W.C. Ltd.).

13. In view of the matter the order Ex. W/4 would amount to termination from service from the post of Office Assistant and in a very intelligent and guarded way and in order to avert implications the order Ex. W/4 has been issued in the manner as given out above. This intelligence certainly would not help the management and substantially this is an order of termination simplicitor from the post of Casual Office Assistant. Merely because he was offered the job of Casual Labour, at another place would not change the real implication of this order.

14. Obviously, the workman had completed one year continuous service as Office Assistant though casual and therefore he was entitled to retrenchment notice and compensation as provided by Section 25F of the I.D. Act and in this regard various judgments of the Supreme Court are note worthy. (See State Bank of India vs. N. Sundara Money AIR 1976 SC 1111; Santosh Gupta vs. State of Patiala 1980) 3 SCC 340; L. Robert D'Souza vs. Executive Engineer, S. Rly. AIR 1982 SC 854; Karnataka S.R.T.C. vs. Boraiah (1984) 1 SCC 244; Mohan Lal vs. Bharat Electronics Ltd. AIR 1981 SC 1253).

15. That being so, the order of termination of the workman concerned is void ab initio. It is true that it could be argued that the workman could very well join as Casual Labour and fight out his case as directed in Ex. W/4. But that would not alter the real situation because he was offered a new assignment altogether by showing as Casual Labour certainly mischievously if not intelligently and therefore he is entitled to full back wages and all consequential reliefs with continuity in service and costs of Rs. 500. The reference is, therefore, answered as follows :—

The action of the management of Divisional Engineer, Telegraphs, Nagpur in relation to S.D.O. Telegraphs, Bhandara in terminating the services of Shri S. N. Deshmukh, Temporary Casual Office Assistant w.e.f. 2nd April, 1984 and further directing him to work as Casual Labour is not justified. He is entitled to be posted as Office Assistant with continuity in service, all back wages and consequential benefits. Costs Rs. 500 awarded to the workman.

Reference is answered accordingly.

New Delhi, the 14th November, 1990

S.O. 3301.—In pursuance of Section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the award of the Central Government Tribunal, (No. I), Dhanbad as shown in the Annexure in the Industrial dispute between the employers in relation to the M/s. Bharat Coking Coal Ltd., Koyala Bhawan and their workmen, which was received by the Central Government on the 12th November, 1990.

## ANNEXURE

### BEFORE THE CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL NO. I, DHANBAD

In the matter of a reference Under Sec. 10(1)(d) of the Industrial Disputes Act, 1947.  
Reference No. 152 of 1988.

#### PARTIES :

Employers in relation to the management of M/s. Bharat Coking Coal Limited.

AND

Their Workmen.

#### PRESENT :

Shri S. K. Mitra, Presiding Officer

#### APPEARANCES :

For the Employers : Shri G. Prasad, Advocate.

For the Workmen : Shri J. P. Singh, Advocate.

#### STATE : Bihar

#### INDUSTRY : Coal.

Dated, the 30th October, 1990.

#### AWARD

By Order No. L-20012/118/88-D.III(A)/D-IV(A), dated the 18th November, 1988, the Central Government in the Ministry of Labour, has, in exercise of the powers conferred by clause (d) of sub-section (1) and sub-section (2-A) of Section 10 of the Industrial Disputes Act 1947, referred the following dispute for adjudication to this Tribunal :—

"Whether the action of the management of M/s. Bharat Coking Coal Ltd., Koyala Bhawan, P.O. Koylanagar, District Dhanbad in not correcting the date of birth of Smt. Sushila Devi, field workers as on 19-7-1931 on the basis of her educational certificate is justified? If not, to what relief is the workman entitled?"

2. The case of M/s. Bharat Coking Coal Ltd., Koyala Bhawan, as appearing from the written statement, details apart, is as follows :—

The present reference is not maintainable, since M/s. B.C.C. Ltd., Koyala Bhawan is not a mine and the concerned workman Smt. Sushila Devi is not a person employed in a mine. Anyway, the concerned worker was employed on 1st January 1948 as a field worker by the Coal Mines Welfare Organisation. At the time of her employment she declared her date of birth as 19-4-29. She put her signature on the service record in token of having accepted her date of birth as 19-4-29. Coal Mines Welfare Organisation was earlier a department of the Central Government and the employees, including Smt. Sushila Devi, the concerned worker, were government employees. Their service conditions were governed by the service rules applicable to the Government servants. Coal Mines Welfare Organisation merged with M/s. B.C.C. Ltd. on 1-10-1986. The Service Book of the concerned worker was prepared by Coal Mines Welfare Organisation at the time of her employment. The Service Book shows that the date of her birth was 19-4-29 as recorded at the time of her employment. A combined provisional gradation list of field workers, including the concerned worker and Sr. A.G.I.S. was circulated in the month of March, 1971 by the then Asstt. Secretary (Administration). The letter of the Coal Mines Welfare Commissioner dated 27-3-1971 inviting objection against gradation list, if any, within 45 days thereof was circulated. Even so, Smt. Sushila Devi did not raise any objection whatsoever at any stage with regard to his date of birth and other particulars in the gradation list. She filled in a number of forms mentioning therein her date of birth as 19-4-29. She was not born on 19-7-1931. After merger of Coal Mines Welfare Organisation with M/s. B.C.C. Ltd. she opted for service in M/s. B.C.C. Ltd and became eligible for superannuation on completion of 60 years of age. Pension forms etc. were duly issued to her, and while submitting the pension paper she had shown her date of birth as 19-4-29 and the date of her retirement on 30-4-87. She has produced a transfer certificate (duplicate) alleged to have been granted

by the Head Master on 28-5-57 showing her date of birth as 18-7-31. The date of birth as recorded in the aforesaid certificate was patently incorrect for the reasons that on 1st January 1948 she was a minor when she was employed. It is alleged that the school leaving certificate is a complete fabrication. An employee who enters into the contract of service cannot at any point of time or even at the fag end of her service submit an application or raise an industrial dispute that her/his date of birth as recorded in the Service Book of his/her was wrongly recorded. Every person when appointed in Government service is required to declare his date of birth by Christian Era as far as possible in conformity with the evidence available at the time of appointment and so, the date of birth in the transfer (School) certificate cannot be accepted. In the circumstances, the management has asserted that it is justified in not correcting the date of birth of the concerned worker on the basis of her alleged transfer (School) Certificate.

3. The case of the concerned worker as appearing in the written statement submitted on her behalf by the sponsoring union, briefly stated, is as follows :

She is a permanent employee of Kamini Kalyan Kutir, Kustore of Coal Mines Welfare Organisation subsequently taken over by M/s. B.C.C. Ltd. She by exercising her option for service in M/s. B.C.C. Ltd. at the time of take over, became an employee of M/s. B.C.C. Ltd. While she was working in Coal Mines Welfare Organisation her date of birth is stated to have been written in the record as 19-4-29. She never declared her date of birth and the date of birth as recorded by her employer was a guess work. She made verbal protest and submitted applications in writing on 5-7-1957 and 13-9-1976. She submitted the School Leaving Certificate dated 28-5-1957 in support of her age and in that School Leaving Certificate her date of birth has been recorded as 19-7-1931. She was examined by the Medical Board constituted by the Coal Mines Welfare Organisation in 1972 which assessed her age as 22 years as on 8-1-1952. It will be evident that the date of birth of the concerned worker as recorded by the management is arbitrary, unilateral and without any foundation. She was appointed in the service of the Coal Mines Welfare Organisation on 1-1-1948.

4. In rejoinder to the written statement of the sponsoring union, the management has reiterated that the concerned worker declared her date of birth as 19-4-1929 which was recorded in the service record and that she was fully aware her date of birth as recorded in the service record. She applied on 1-6-1986 for issuance of pension form and other instructions mentioning, inter alia, that she would retire from service on 30-4-1987 and since she was then a Government employee she was to retire from service on completion of 58 years of age. It has been denied that she submitted applications on 5-7-1957 and 13-9-1976 for correction of her age.

5. In rejoinder to the written statement of the management, the sponsoring union has stated that the Service Rules of M/s. B.C.C. Ltd. in respect of Wage Board employees are governed by Certified Standing Order which does not provide for superannuation at the age of 60 years. A copy of the notice asking her to retire is annexed as Annexure 'A'. During the pendency of the industrial dispute the management cannot disregard the provisions of Section 33 of the Industrial Disputes Act.

6. The management in order to justify its action has examined one witness, namely, MW-1 JI. G. Lall Agarwal who has been working in Coal Mines Welfare Organisation since 1964 and laid in evidence a mass of documents including Service Book of the concerned worker which have been marked Ext. M-12 to M-12.

Despite ample opportunity given to the concerned worker and the sponsoring union, the concerned worker has not been examined nor has any witness been produced in support of the case of the union. The union has produced photostat copy of the Service Book marked Ext. W-1 which corresponds to Ext. M-1 and a photostat copy of School Transfer Certificate marked 'X' for identification as it has been formally proved.

7. Shri G. Prasad, learned Advocate for the management has contended that the present dispute is not maintainable since M/s. B.C.C. Ltd., Koyla Bhawan, Dhanbad, is not a mine nor was the concerned worker employed in a mine.

Admittedly, Koyla Bhawan is the Head Quarter of M/s. B.C.C. Ltd., a subsidiary company of Coal India Limited. Coal is a controlled industry within the meaning of both Section 2(a)(1) of the Industrial Disputes Act and also under Industrial (Development and Regulation) Act, 1951. This being so, the Central Government is the appropriate Government to make the present reference of the industrial dispute for adjudication by this Tribunal. In this view of the matter I over-rule the contention of Shri Prasad that the present reference is not maintainable.

8. Admittedly, Smt. Sushila Devi got appointment as a field worker in Coal Mines Welfare Organisation on 1-1-1948. It is the case of the management that at the time of her employment she declared her date of birth as 19-4-29 and that she put her signature in the service record in token of her having accepted her date of birth as recorded in the service record. According to this service record Ext. M-1=Ext. W-1 it appears that her date of birth was recorded as 19-4-1929. But there are some other entries also with regard to her date of birth and one of such entries is 19-7-31, another is 15-8-31 and the third one is April, 1929. All these entries have been scored through and the only entry that now remains is 19-4-29. The signature of the concerned worker appears in the column provided in the Service Book, but in view of the several entries with regard to the date of birth, it cannot be stated with certainty as to which date of birth she had accepted. Nevertheless, the fact remains that she applied by application dated 27-10-86 for certain terms before her retirement from Government service. In this application she has disclosed her date of birth as 19-4-29. By another application dated 1-6-86 she disclosed to the management that she was to retire from Government service with effect from 30-4-87 (Ext. M-3). The Coal Mines Welfare Organisation, admittedly, was a department of the Central Government and the employees of the government are to retire from service on completion of 58 years of age. This being the position, this letter reveals that the date of birth of the concerned worker was 19-4-1929 in the context of his application dated 27-10-1986 (Ext. M-2). She submitted nomination form in which she disclosed her date of birth as 19-4-1929 (Ext. M-4). In the gradation list also her date of birth has been recorded as 19-4-1929 and date of appointment as 1-1-1948 (Ext. M-5). The Asstt. Secretary (Administration) Coal Mines Welfare Commissioner, Dhanbad, by letter dated 27-3-71 addressed to (1) Dy. Coal Mines Welfare Commissioner (M. P. Region), Jharkhand, (2) Chief Welfare Officer (Mines), Bhulai, Dhanbad, (3) Welfare Officer (W), Hazaribagh Coalfields, Bhulai, (4) Welfare Inspector (Mines), Raniganj Coalfields, Burdwan and (5) Welfare Inspector (Mines), Kothagudem Coalfields, Andhra Pradesh (Ext. M-5) forwarded the gradation list of field workers and Senior Adult Education Instructors to the addresses with a request to circulate the list amongst the staff concerned. There is no evidence that this gradation list was not circulated. I have already stated that as per this gradation list the date of birth of the concerned worker was 19-4-1929.

9. The sponsoring union has asserted that the concerned workman submitted two applications dated 5-7-57 and 13-9-76 to the management disputing her date of birth as recorded by the management. But these two applications have not been produced before me. Then again, the sponsoring union has asserted that the concerned worker was medically examined on 8-1-52 by the Medical Board and that the Board had assessed her age as 22 years as on 8-1-52. But the report of the Board has not been made available before this Tribunal. The sponsoring union has produced photostat copy of transfer certificate purported to have been issued by the Head Master, R. D. Board Middle School, Bhadrak, Dist. Jagatsinghpur. This photostat copy has not been admitted in evidence upon formal proof. Even so the photostat copy does not bear the legible signature of the Head Master nor has the Head Master of the School been examined by the concerned worker. Anyway, as per this certificate the date of birth of the concerned worker was 19-7-1931. Admittedly, the concerned workman joined the Government service on 1-1-1984. If the date of birth as per the transfer certificate is accepted, then the concerned workman was

not entitled to employment in the Government on 1-1-48 as she was a minor at that time. The Head Master of the school, on the request of the management, has stated that all records including Admission Register of the year 1951 and back had been totally spoiled in the flood of 1971 (ext. M-6/1 and M-6).

10. Thus, the evidence on record firmly establishes the position that there is practically no basis for holding that the date of birth of the concerned worker was 19-7-1931.

11. Admittedly, Coal Mines Welfare Organisation merged with M/s. B.C.C. Ltd. with effect from 1-10-86. The concerned worker admittedly opted to join the service of M/s. B.C.C. Ltd. So before 1-10-86 she was a Government employee and Note No. 5 to F.R. 56 provides the guideline for correction of age of a Government servant. The provision of Note No. 5 is gleaned herein below :

"NOTE 5.—The date on which a Government servant attains the age of fifty-eight years or sixty years, as the case may be, shall be determined with reference to the date of birth declared by the appropriate authority on production, as far as possible, of confirmatory documentary evidence such as High School or Higher Secondary or Secondary School Certificate or extracts from Birth Register. The date of birth so declared by the Government servant and accepted by the appropriate authority shall not be subject to any alteration except as specified in this note. An alteration of date of birth of a Government servant can be made, with the sanction of a Ministry or Department of the Central Government, or the Comptroller and Auditor-General in regard to persons serving in the Indian Audit and Accounts Department, or an administrator of a Union Territory under which the Government servant is serving, if—

- (a) a request in this regard is made within five years of his entry into Government service;
- (b) it is clearly established that a genuine bona fide mistake has occurred, and
- (c) the date of birth so altered would not make him ineligible to appear in any School or University or Union Public Service Commission examination in which he had appeared, or for entry into Government service on the date on which he first appeared at such examination or on the date on which he entered Government service."

It appears from this note that an alteration of date of birth of a Government servant can be made with the sanction of a Ministry or Department of the Central Government, or the Comptroller and Auditor-General in regard to persons serving in the Indian Audit and Accounts Department, or an administrator of a Union Territory under which the Government servant is serving, if—(a) a request in this regard is made within five years of his entry into Government service; (b) it is clearly established that a genuine bona fide mistake has occurred; and (c) the date of birth so altered would not make his ineligible to appear in any School or University or Union Public Service Commission examination in which he had appeared, or for entry into Government service on the date on which he first appeared at such examination or on the date on which he entered Government service. If the alteration of the date of birth of the concerned worker was done hypothetically she could not have entered the Government service because according to alteration of her age (19-7-31) she was a minor and could not have entered into the Government service on 1-1-1948.

12. Thus considering all these facts and evidence on record, I am constrained to hold that the management was justified in not correcting the date of birth of the concerned worker on the basis of her education certificate (transfer certificate).

13. Accordingly, the following award is rendered—the action of the management of M/s. Bharat Coking Coal Ltd.,

Kekla Bhawan, Dhanbad, in not correcting the date of birth of Smt. Sushila Devi, field worker, as on 19-7-1931 on the basis of her educational certificate is justified.

In the circumstances of the case, I award no cost.

S. K. MITRA, Presiding Officer

[No. I.29012/118/83-D. III(A).D.IV(A)]

का. आ. 3302 :—ग्रोवोगिक विवाद अधिनियम, 1947 (1947 का 14) की धारा 17 के अनुसार में, केन्द्रीय सरकार लालक 2 एस्ट्रिया भारत कोकिं कॉल लिमिटेड के प्रबन्धताल के संबंध नियोजकों और उनके कर्मकारों के बीच, अनुबंध में निश्चित ग्रोवोगिक विवाद में केन्द्रीय सरकार ग्रोवोगिक अधिकरण नं. 1 धनबाद के पंचपट को प्रकाशित करती है, जो केन्द्रीय सरकार को 12-11-90 को को प्राप्त हुआ था।

S.O. 3302.—In pursuance of Section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the award of the Central Government Industrial Tribunal, (No. I), Dhanbad as shown in the Annexure in the Industrial dispute between the employers in relation to the Block-II Area of M/s. Bharat Coking Coal Ltd. and their workmen, which was received by the Central Government on 12-11-1990.

#### ANNEXURE

BEFORE THE CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL NO. I, DHANBAD

In the matter of reference under section 10(1)(d) of the Industrial Disputes Act, 1947.

Reference No. 97 of 1988.

#### PARTIES :

Employers in relation to the management of Block-II Area of M/s. B. C. C. Ltd.

AND

Their Workmen.

#### PRESENT :

Shri S.K. Mitra, Presiding Officer.

#### APPEARANCES :

For the Employers.—Shri B. Joshi, Advocate.

For the Workmen.—None.

STATE.—Bihar.

INDUSTRY.—Coal.

Dated, the 29th October, 1990.

#### AWARD

The present reference arises out of Order No. I.24012/5/88-D.IV(B), dated the 18th July, 1988, passed by the Central Government in respect of an industrial dispute between the parties mentioned above. The subject matter of the dispute has been specified in the schedule to the said order and the said schedule run as follows :

"मेसर्स भारत कोकिं कॉल लि., लालक गल, धनबाद के लालक-II एस्ट्रिया के महाप्रबंधक को श्रीमती एशनी बेलदानिन की 37 अवार्ड के अनुसार नियमित करने का कार्यालय न्यायोधित है? यदि नहीं, तो वे कर्मकार विस अनुतोष के हकदार हैं?

2. The dispute has been settled out of Court. A memorandum of settlement has been filed in

Court. I have gone through the terms of settlement and I find them quite fair and reasonable. There is no reason why an award should not be made on the basis of terms and conditions laid down in the memorandum of settlement. I accept it and make an award accordingly. The memorandum of settlement shall form part of the award.

3. Let a copy of this award be sent to the Ministry as required under section 15 of the Industrial Disputes Act, 1947.

AND

Their Workmen.

JOINT COMPROMISE PETITION OF EMPLOYER AND WORKMEN

The humble petition on behalf of the parties to the above reference most respectfully shewth :—

- That without prejudice to the respective contentions of the parties, the dispute has been amicably settled between the parties on the following terms :—

#### TERMS OF SETTLEMENT

- That, Shri Bajrangi Bhua, Son-in-law of Late Munwa Bhuni, Casual Wagon loader of Katras Choitodih Colliery will be given employment as Badli Miner|Loader after he reports for duty alongwith the certificates and documents mentioned therein after within 30 days from the date of this Settlement.
- That, the said dependent Son-in-law should be below 35 years of age and should be medically fit to work as Badli Miner|Loader. He shall be medically examined by the Area Medical Board and if found fit to work as Badli Miner|Loader shall be provided employment as Badli Miner|loader.
- That, the said dependent Shri Bajrangi Bhua, who claims to be the Son-in-law should submit his relationship certificate

with Late Munwa Bhuni from the Mukhiya/B.D.O. of local area within which jurisdiction his village is situated together with an affidavit with his photograph indicating that he is the real dependent Son-in-Law of Late Munwa Bhuni on whose behalf the union has raised and settled the dispute and also a certificate that he is wholly dependent upon Munwa Bhuni and accordingly residing with Munwa Bhuni.

- That, he will submit a certificate from the Genl. Secretary of the union raising the present dispute certifying the photograph that he is the dependent Son in law of Late Munwa Bhuni on whose behalf the present dispute has been raised.
- That, no back wages or any other benefit shall be admissible to the person concerned who is to be provided employment as aforesaid.
- That, this is an overall settlement/Agreement in respect of all the claims of the person concerned, as referred to above.
- That, in case at any time it is found that the said person made false declaration on the certificate regarding identity and is not a genuine person for whom the employment is intended, the management will be entitled to terminate his services without any notice at any time.

- That in view of the settlement their remains nothing to be adjourned.

It is therefore, humbly prayed that the Hon'ble Tribunal will graciously please to pass the award in terms of settlement.

#### APPEARANCES :

On behalf of the workmen—Shri Radha Mahato, the concerned workman himself.

On behalf of the employers—Shri R. S. Murthly, Advocate.

STATE : Bihar. INDUSTRY : Coal.

Dated, Dhanbad, the 1st November, 1990

#### AWARD

The Govt. of India, Ministry of Labour in exercise of the powers conferred on them by clause (d) of sub-section (1) and sub-section (2A) of Section 10 of the I.D. Act, 1947 has referred the following dispute to this Tribunal for adjudication vide their Order No. L-24012(104)|85-D.IV(B) dated, the 14th February, 1986.

#### THE SCHEDULE

"Whether the action of the Management of Sayal 'D' Colliery C.C. Ltd., P.O. Sayal, Dist. Hazaribagh in not allowing Shri Radha Mahato to join duty on 2-12-80 without giving him any opportunity of being heard, is justified ? If not, to what relief the workman concerned is entitled?"

The case of the management is that the concerned workman Shri Radha Mahato was working as Conveyor Khalasi Screening Plant Khalasi in Sayal 'D' colliery of M/s. CCL. He absented from duty in an unauthorised manner without permission and without any satisfactory cause for more than 10 days with effect from 26-5-80. Sayal 'D' colliery

previously belonged to NCDC Ltd. which was a Govt. company within the meaning of Section 617 of the Company's Act. After the nationalisation of the Coking Coal Mines in 1972 and non-coking coal Mines in 1973 the name of NCDC Ltd. was changed to Central Coalfields Ltd. and it became a subsidiary Company of Coal India Ltd. The certified standing orders (Coal Mines) of NCDC Ltd. are applicable to the employers of Sayal 'D' colliery of CCL which governs the workmen. Under clause (N) of S.O. 17(1) of the said Standing Orders continuous absence of a workman from duty without permission and without satisfactory cause for more than 10 days is a misconduct. The management issued to concerned workman with a chargesheet dated 9-6-80 after the concerned workman started absenting from duty in unauthorised manner with effect from 26-5-80. In this chargesheet the management drew the attention of the concerned workman to his unauthorised absence from duty pointing out to him that such unauthorised absence was misconduct. He was also at the same time directed to resume duty immediately on receipt of the said chargesheet and to submit his explanation within 7 days of the receipt of the same. It was also made clear to him that if he failed to submit such an explanation within the specified period it will be presumed that he had no explanation to offer and that he accepted the charge and that thereafter the competent authority would dispose of his case on its merit without any further reference to him. The said chargesheet was sent to the concerned workman vide registered post. The management did not receive any reply to the above chargesheet. The management waited patiently till second December, 1980 and on that issued an order stating that the concerned workman failed to submit his explanation or to resume his duties and therefore it was presumed that he was no longer interested in continuing in service of the company and according his services were terminated with effect from 2-12-80. The said order was sent to the concerned workman by Regd. Post. The management did not hear anything about the concerned workman and was traceless. Even earlier the concerned workman was not regular in his attendance and as against the normal working days of 306 per year the number of days on which he attended duties were 271 days in 1977, 250 days in 1978, 240 days in 1979 and 96 days (upto 26-5-80 out of about 130 working days) in 1980. It will therefore show that the concerned workman was a chronic case of habitual absentee and was not seriously interested in his job.

No regular domestic enquiry could be held by the management against the concerned workman before the termination of services on account of his long unauthorised absence, non-availability, and he did not respond to the chargesheet issued to him. The management has, therefore, submitted that they may be allowed to adduce evidence afresh on merit to establish the charges against him before this Tribunal.

The case of the concerned workman is not at all drafted in proper manner and he has drafted it as a complaint case before this Tribunal. However, it appears from the said W.S. of the concerned workman that he was not allowed to do his duty by one Jitender Singh who is a leader of Congress and had

asked him to vote for Congress (I) to which the concerned workman was not ready. The said Jitender Singh had therefore threatened the concerned workman and compelled him to leave the place. Subsequently the concerned workman was served with a notice sent by the Supdt. (M) Project Officer Sayal 'D' colliery in which the concerned workman was asked to join his duty. Thereafter the concerned workman went to join his duty but he was not allowed to join his duties by the Mining Engineer of Sayal 'D' colliery. It is also stated that the quarter occupied by the concerned workman was looted by Kalhat Choudhury, Coal Cutter of Sayal 'D' colliery, who is residing in his quarter. On the above facts it has been prayed by the concerned workman that the management be directed to allow the concerned workman to join his duty and to allot his quarter from which he has been depossessed.

It has submitted on behalf of the management that the concerned workman has been dismissed from service on the ground of his misconduct and as no domestic enquiry was held into the charges levelled against him, the management may be allowed to adduce evidence afresh before this Tribunal to establish the allegations made against him in the charge. The said prayer by the management was allowed. The concerned workman had earlier appeared before this Tribunal through an Advocate. He had filed authorisation authorising Shri J. P. Singh, Adv. to conduct the case and Shri J. P. Singh accepted the said authorisation on 24-7-89 which forms part of the record. Subsequently, the concerned workman disowned Shri J. P. Singh as his Advocate vide his petition dated 5-7-90 stating that his conducting Advocate Shri J. P. Singh had put his signature on an application in which he prayed to the Tribunal only to allow service to the concerned workman. Thereafter Shri J. P. Singh left working in for the concerned workman and the concerned workman himself cross-examined the management's witness and examined himself in his defence.

The point for decision in this case is whether the management of Sayal 'D' colliery was justified in not allowing the concerned workman to join his duties on 2-12-80.

The management examined one witness Shri Rajaendra Sahay working as Office Supdt. in Sayal 'D' colliery. The concerned workman also examined himself in his defence. The management's document have been marked Ext. M-1 to M-3. The concerned workman filed some papers which have not been exhibited by the concerned workman.

MW-1 who is working as Office Supdt. in Sayal 'D' colliery since 1988 has stated that previously as clerk he was dealing with the establishment department and knew the concerned workman. He has stated that the concerned workman had absented from duty without permission or without any application since 26-5-80 for which the concerned workman was chargesheeted for his absence without permission. Ext. M-1 is the chargesheet dated 9-6-80 bearing the signature of Shri P. K. Das Project Officer/Agent Sayal 'D' colliery. M.W. 1 has stated that the concerned workman did not reply to the chargesheet and

also did not turn up to join his duties in the colliery. The concerned workman has accepted in his evidence that he had received a letter from the management to join his duty within 7 days and to explain as to why he had absented. It is also accepted in para-4 of his W.S. of the concerned workman that he was served with a notice sent by the Project Officer Sayal 'D' colliery and he was asked to join his duties. The workman has himself filed a copy of the said chargesheet from his possession. It will, therefore, appear that the chargesheet Ext. M-1 was served on the concerned workman. On perusal of the said chargesheet Ext. M-1 it will appear that the concerned workman was alleged to have been absenting from duties continuously without permission and without satisfactory cause for more than 10 days from 26-5-80. This chargesheet was issued on 9-6-80 i.e. after more than 10 days of the alleged absence of the concerned workman. It is nowhere stated by the concerned workman that he had submitted any reply or explanation to the chargesheet received by him. The concerned workman WW-1 has no doubt stated that he went in the colliery to join his duty and met officials but was asked to go and file case wherever he liked. He has stated that when the management did not allow, he returned back to his village. In cross-examination he has stated that he had filed a petition before the management after he was stopped from work on 28.5.80. The management has challenged about the filing of any such petition by the concerned workman. The concerned workman also failed to produce any copy of the said petition to show that he had made a representation to the management that he was not allowed to join his duties when he had reported for the same on receiving the chargesheet.

The concerned workman has stated in his examination-in-chief that he had not absented from duty with effect from 26.5.80 and that he had performed his duties on 27.5.80 and that when he went to do his duty on 28.5.80, Haziri Babu told him that the attendance of 27.5.80 has been struck off and that his work has been stopped from 28.5.80. He has further stated that on 29.5.80 he sent his case for consideration to Sayal 'D' colliery through post and when the management did not pass any order he filed a case in Bhurkunda P.S. on the same date. i.e. on 29.5.80. The concerned workman has not filed any copy of the petition, which he sent for consideration to Sayal 'D' through post. The falsity of his evidence is exposed, when he has stated that when the management did not pass an order he filed a case in Bhurkunda P.S. on 29-5-80. From his evidence it appears that he had filed a case to Sayal 'D' Colliery through post on 29.5.80 for consideration and it cannot even be expected that even if such petition was sent it could be received in Sayal 'D' colliery on 29.5.80, and that no order was passed on it and therefore the concerned workman filed a case in Bhurkunda p.s. on 29.5.80. There is also no evidence to the effect that the concerned workman had gone to join his duty when Jitender Singh had threatened and stopped him from joining his duty. There is also no supporting evidence to show that the said Jitender Singh had asked the concerned workman to vote or canvass for Congress (I) candidate to which the concerned workman did not agree.

Certified Standing Order (Coal Mines) of NODC is Ext. M-4 in the case. It will appear from S.O. 17(1)(n) of the Certified Standing Orders which is applicable to Sayal 'D' colliery that 'continuous absence without permission and without satisfactory cause for more than 10 days' is a misconduct. The evidence of MW-1 almost established it and even from the evidence of the concerned workman it will appear that he had continuously absented without permission for more than 10 days. There is no evidence adduced on behalf of the concerned workman that he had either filed any petition for leave or permission from the management and as such it is quite clear that the concerned workman had absented without any application or permission. The second part of clause (n) of S.O. 17(i) shows that the concerned workman has to give satisfactory cause if he has absented for more than 10 days. It is for the concerned workman to establish satisfactorily the cause for his absence for more than 10 days and the said compulsion which has been put on the concerned workman has not been established satisfactorily. For all these reasons I hold that the concerned workman had committed misconduct under clause 17(i)(n) of the Certified Standing Orders Ext. M-4.

I hold therefore that the management of Sayal 'D' colliery was justified in not allowing the concerned workman to join his duties on 2-12-80.

It may be noticed that when Shri J. P. Singh had appeared in the case on behalf of the concerned workman on a proper authorisation in his favour and accepted by him, a petition was filed, under the signature of the concerned workman Radha Mahato on 24-7-89 and also signed by Shri J. P. Singh, that a prayer was made by the concerned workman that he may be reinstated in the original post with continuity of service and that he is prepared to forgo the claim of his back wages. It is also stated in the said petition which is marked Ext. M-3 and has been accepted by the concerned workman in his evidence that the concerned workman tendered his unconditional apology for his absence without due permission and that the management was requested to be kind enough to reinstate him in service as he has already put in 24 years of service. A copy of this petition was received by Shri R. S. Murthy, Advocate representing the employers on 24-7-89 and he had moved the management for action. Shri Murthy has filed a photo copy of the letter dated 23/27-6-90 showing that the Director (Personnel) and Chairman-cum-Managing Director (CCL) approved to settle the case out of Court in terms of the letter of the concerned workman dated 24-7-89. Shri Murthy submitted before me that the management is still ready to allow the concerned workman to join his duty with continuity of service but as the period of about 10 years has elapsed from the stoppage of the work of the concerned workman, it will be necessary to get him medically examined and if found fit the management will allow him to join his duties with continuity of service but he will not be given back wages.

I have already held above that the management of Sayal 'D' colliery was justified in not allowing the concerned workman to join his duties. However, in view of the submission made on behalf of the man-

agement, I would direct the management to get the concerned workman examined by the Medical Board and if found fit, he should be allowed to join his duties with continuity of service but the concerned workman will not be allowed any back wages for the period of his idleness.

An Award is passed accordingly.

S.O. 3307.—In pursuance of Section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the award of the Central Government Industrial Tribunal, (No. 2), Dhanbad as shown in the Annexure in the Industrial dispute between the employer in relation to the management of Bararee Colliery of M/s. Bharat Coking Coal Limited and their workmen, which was received by the Central Government on the 15-11-90.

## ANNEXURE

### BEFORE THE CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL (NO. 2) AT DHANBAD.

Reference No. 362 of 1986

In the matter of an Industrial disputes under Section 10(1)(d) of the I.D. Act., 1947.

### PARTIES :

Employers in relation to the management of Bararee Colliery of M/s. Bharat Coking Coal Limited and their workmen.

### APPEARANCES :

On behalf of the workmen.—Shri R.N. Mondal, Area Secretary, R.C.M.S.

On behalf of the employers.—Shri R.S. Murthy, Advocate.

STATE.—Bihar.

INDUSTRY.—Coal.

Dated, Dhanbad, the 5th November, 1990.

### AWARD

The Govt. of India, Ministry of Labour in exercise of the powers conferred on them under Section 10(1)(d) of the I.D. Act., 1947 has referred the following dispute to this Tribunal for adjudica-

tion vide their Order No. L-24012/57/86-D.IV(B), dated, the 8th December, 1986.

### SCHEDULE

"Whether the action of the Management in not making payment of Category-V to Shri Raghunath and Pahar, Carpenters of Bararee Colliery of M/s. Bharat Coking Coal Limited when they have been engaged in general Carpentry work is justified? If not, to what relief are the concerned workmen entitled?"

In this case both the parties appeared before me and filed their respective W.S. etc. Thereafter the case proceeded its course. Subsequently both the parties appeared before me and filed a Joint Compromise petition. I heard both the parties on the said petition of compromise and do find that the terms contained herein are fair, proper and beneficial to both the parties. Accordingly I accept the same and pass an Award in terms thereto which forms part of the Award as Annexure.

I. N. SINHA, Presiding Officer

**ANNEXURE**

Before the Central Government Industrial Tribunal  
No. 2, Dhanbad.

In the matter of Reference No. 362 of 1986

### PARTIES:—

Employers in relation to the Management of Bararee Colliery of M/s. Bharat Coking Coal Ltd., P.O. Bhulanberaree, Dist. Dhanbad.

**AND**

Their workmen

Joint Compromisc petition of the employers and the workmen.

The above mentioned employers most respectfully submit jointly as follows :—

- (1) That the employers and the workmen sponsoring Union, Rashtriya Mazdoor Sangh negotiated the matter/dispute covered by the above reference with a view to arriving at an amicable and mutually acceptable overall settlement.
- (2) That as a result of such negotiations the employers and the workmen have agreed to settle the dispute covered by the above reference on an overall basis on the following terms and conditions :—
- (a) It is agreed that the Management will place the two workmen concerned in this case namely Sri Raghunath and Pahar, Carpenters of Bararee colliery in Cat. V with effect from 1st January, 1987 and their pay will be fixed in category V according to the rules of the Management.

- (b) It is agreed that as a result of clause(a) above the two workmen concerned will be entitled to resultant arrears/financial benefits.
- (c) It is agreed that in view of the decisions as reflected in clause (a) above the workmen concerned will not be entitled to the benefit as incorporated in Clause 2.11 of the National Coal Wage Agreement-IV i.e., the benefit of Upgradation to the next higher category after putting in service in Category IV for a period of 10 years or with effect from 1-7-89 or 1-7-90 or 1-7-91.
- (d) It is agreed that this is an overall settlement in respect of all the claims of the workmen and the sponsoring union arising out of the above reference.
- (3) It is agreed that the employers/workman sponsoring union hereby declare and confirm that they consider that the above terms of settlements are fair, just and reasonable to both the parties.

In view of the above the employers and the workmen/Sponsoring union jointly pray that the Hon'ble Tribunal may be pleased to accept the above compromise petition and give an award in terms thereof and dispose of the above reference accordingly.

| 21.    | P.S. Ambalavanan      | 28-6-84             |
| 22.    | V. Keshavaraju        | -10-84              |

Parties were served with summons.

The President of Karur Vysya Bank Employees Union, Madras has filed a claim statement on 9-8-88 putting forth the claim of workmen. In repudiation thereof, the Management of Karur Vysya Bank Ltd., Karur has filed their counter statement on 15-11-88.

After several adjournments when the dispute was taken up for enquiry to-day, both parties filed a joint memorandum of settlement praying to pass an award in terms of settlement. It is recorded.

Hence an award is passed in terms of joint memorandum which shall form part of the award.

Dated, this 25th day of October, 1990.

The Chairman,  
United India Insurance Co. Ltd.,  
24, Whites Road, Madras-600014.

Reference:— Order No. 17012|38|87-D.IV(A),  
dated 16-2-88 of the Ministry of Labour, Government of India.

This dispute after restoration coming on for final hearing on Friday the day of October, 1990 upon perusing the reference, claim and counter statements and all other connected papers on record and upon hearing the arguments of Thiru R. Santhanam, authorised representative appearing for the workmen and of Thiru P. Sukumar, Advocate for the Management and this dispute having stood over till this day for consideration, this Tribunal made the following.

AWARD

This dispute has arisen from the reference by the Government of India in the Ministry of Labour in order No-L-17012|38|87-D.IV(A), dated 16-2-88, requesting this Tribunal to decide whether cancellation of the maternity leave from 12-5-1986 to 7-8-1986 and consequent recovery of Rs. 2500/- from the salary of Smt. Revathi, an employee under United India Insurance Co. Ltd., Madras, is justified, and if not, to determine the relief to which she may be entitled.

2. Claimant's case is as follow :—

The claimant employees Association is pleading the case one Smt. Revathi, Typist who was initially granted maternity leave for 88 days from 12-5-86 to 7-8-86. She was granted such leave for delivery of the first child when she was still a pro-

bationer at that time. The Leave Rules and other service rules do not make any distinction between permanent employee and probationer-employee. After expiry of the leave and the said employee resumed duty, the management cancelled her maternity leave on the ground that she was not entitled to the same and hence the maternity benefit already paid to her amounting to Rs. 2500/- was recovered from her monthly salaries. Such recovery of her maternity benefit money and cancellation of maternity leave are illegal. The petitioner-Association on behalf of employee R. Revathy, initiated conciliation proceeding before the Assistant Labour Commissioner (Central Government), Madras. Finally, conciliation failed. Thereafter this reference is made by the Central Government. However, the amount of Rs. 2500/- recovered from the salary of the employee Revathy, has been refunded sometime after the failure of the conciliation proceedings. The employee Revathy who has undergone mental suffering and financial difficulties due to the act of the management is entitled to receive suitable compensation from the respondent. Interest money at the rate of 12% of the recovered salary of Rs. 2500/- should also be ordered to be paid to her.

### 3. The Management states in its counter as follows :—

Smt. Revathy a Typist working in Madurai was granted maternity leave even completion of probationary service of 6 months. She was initially granted maternity leave for 88 days, leave commencing from the date within the first 6 months after commencement of her service. It was subsequently found that only confirmed or regular employees should be granted maternity leave and Smt. Revathy who did not complete the probationary period of 6 months, was not eligible to avail maternity leave. The maternity benefit money granted to her was recovered from her salary after she rejoined, and the maternity leave earlier granted was cancelled. Later on the Employee's Association raised an Industrial Dispute i.e. conciliation proceeding before the Assistant Labour Commissioner. After the failure report given by the Assistant Labour Commissioner and before the Government of India made reference of this case to this Tribunal the question regarding maternity leave was reviewed by the respondent General Insurance Corporation of India at the highest level and after careful consideration maternity leave to Revathy, was granted and the amount of Rs. 2500/- wrongly recovered from her salary was refunded. Thus the relief due to the employee has already been granted and no dispute survives on the date of

reference made the Central Government. She is not entitled to get any interest or other relief from the respondent and the claim, is liable to be dismissed.

### 4. The points for determination in this I.D. are :—

- (1) Whether Smt. Revathy, Typist is entitled to maternity leave commencing from 12-5-86 and maternity benefit during such leave?
- (2) Whether cancellation of the maternity leave already granted and recovery of amount Rs. 2500/- leave wages paid as maternity benefit are lawful.
- (3) To what relief the worker is entitled?

### 5. POINTS :—

No evidence, documentary or oral, was adduced by both sides. The claim statement, though it is lengthy, does not set out relevant particulars in the proper order. The only ground on which the action of the respondent is sought to be challenged as illegal and unjust is that though Revathy was probationer at the material time service rules do not make any distinction between regular employee whose services have been confirmed and employees who have not yet completed their probation periods satisfactorily. No doubt the rules in the annexure to the claim statement are applicable to all persons both the confirmed employees and the probationer-employees. The relevant rule on maternity leave, Rules 10(6) of the General Insurance(....) Scheme, 1974, provides that a female employee shall be entitled to maternity leave not exceeding 90 days irrespective of one delivery, the leave covering both pre-natal and post-natal periods. From the counter statement we understand, the maternity leave, initially granted to Smt. Revathy and allowing the maternity benefit in terms of money which normally means leave wages was subsequently found to be improper by the officials of the respondent on the ground that only an employee whose service has been confirmed will be entitled to maternity benefits and a probationer like Revathy should not have been granted maternity benefit. Therefore the respondent's officials cancelled the maternity leave and effected recovery of Rs. 2500/- from the salary of Revathy, the amount being the maternity leave salary already paid to her since Revathy has even completed her first 6 months service under the respondent, which happens to be the probation period itself. Neither the respondent nor the petitioner has clarified as to when the employee Revathy, commenced her service as probationer under the respondent. However the petitioner has not denied the allegation in the counter that Revathy, entered upon her maternity leave on 12-5-86, even before she completed 6 months service as typist.

### 6. The respondent has clearly taken conflicting positions with regard to eligibility of Smt. Revathy to avail maternity leave benefit on the basis of existing rules. Maternity Leave Rules contained in

the General Insurance Scheme 1974 cannot override the Maternity Benefit Act, 1961. The rules in General Insurance Scheme, regarding maternity leave are not exhaustive. The argument advanced by the petitioner that the rules do not differentiate confirmed employees from probationer-employees should be appreciated only in the light of Sec. 5(2) of the Maternity Benefit Act. Sub-Sec. 2 of Sec. 5 lays down that a women employee to be entitled to maternity benefit should have actually worked under the employer for a period of not less than 160 days i.e. 5 months and 10 days in the course of 12 months immediately preceding the date of her expected delivery. The case of respondent is that when Revathy was granted maternity leave from 12-5-86 her probation period was not completed. The petitioner has not cared to prove when Revathy has delivered her child during that confinement for which the availed leave from 12-5-86. Therefore it is not possible for us to conclude that Revathy already worked as Typist for atleast 160 days prior to date of her delivery of her child. The condition imposed by Section 5(2) of the Maternity Benefit Act, 1961, cannot be overruled by any Maternity Leave Rules forming part of service rules made by the respondent company. However the respondent has finally taken a very liberal attitude towards this employee, granted the maternity leave and sustained the maternity leave benefits already paid to Revathy.

7. We cannot say that Revathy was really entitled under the law to maternity benefits, in the light of Section 5(2) of the Maternity Benefit Act, 1961 due to the fact that she availed maternity leave within a few months after commencement of her employment, under the respondent. Therefore I find that the petitioner's claim that she was entitled to the maternity benefits as of right is not well founded. In any view of the matter, I find that she has no case for any compensation or penal interest or any other relief, because petitioner has not proved that Revathy has worked under the respondent for the requisite period of 160 days prior to her delivery. It is hoped that the respondent will not raise up any longer the question of eligibility of Smt. Revathy's maternity benefits, to which this dispute relates. So far as the respondent is concerned what it had already done namely, allowing maternity benefit to Revathy should be treated as a closed chapter whatever may the legality of such action. I answer these points accordingly.

8. In the result, an award is passed dismissing the claim in the dispute. No costs.

Dated, this 29th day of October, 1990

Employers in relation to the management of Bank of India, Sardar Vallabhbhai Patel Road, Post Box No. 4, Nagpur (M.S.)-440001 and their workman Shri N. S. Zade, Sepoy, Post Kangaon, District Wardha (M.S.).

#### APPEARANCES :

For Workman—Shri V. U. Joshi.

For Management—Shri D. R. Harnagle.

INDUSTRY : Banking DISTRICT : Nagpur (M.S.)

#### AWARD

Dated : November 1st, 1990

This is a reference made by the Central Government in the Ministry of Labour vide its Notification No. L-12012/8/86-D. II(A) dated 30-7-1986 for adjudication of the following disputes :—

“Whether the action of the management of Bank of India in terminating the services of Shri N. S. Zade, Sepoy, w.e.f. 19-9-84 is justified ? If not, to what relief is the concerned workman entitled to ?”

2. Undisputed facts of the case are that the workman concerned worked as Sepoy in Kangaon Branch of Bank of India since 18-5-1982 to 19-9-1984. It is also not disputed that one Shri Santosh Zade was appointed after the services of this workman were terminated in the same capacity.

3. According to the workman, he worked from 18-5-1982 till 19-9-1984 on which date his services were orally terminated. He was on daily wages. He was also allowed different allowances and bonus. His services were terminated on the ground that he did not come through Employment Exchange. It was intentional and deliberate and various other persons were appointed most of which were fresh and are still in the service of the Bank. The principle of ‘first

come last go' was not followed. He was neither given retrenchment notice nor compensation. Thus he is entitled to be reinstated with full back wages and consequential reliefs.

4. According to the management, the workman concerned worked for 11 days in 1982, 68 days in 1983 and 77 days in the year 1984. His services were terminated on 17-9-1984 and as per Sec. 25B of the I.D. Act his services for last preceding years were 99 days. Thus he has not put in 240 days continuous service in preceding 12 calendar months. Hence his discontinuance from service does not amount to retrenchment.

5. In the rejoinder the management stated that because the workman concerned was not available at the time of his work and he was working in the agriculture farm in the village the next available person Shri Santosh Zade (cousin of Shri N. S. Zade) was engaged as temporary Sepoy on daily wages for a period round about six months. If the contention of the workman was correct he would have raised this issue during the time when his brother was engaged but for the reasons best known to him he chose to keep the well calculated silence with ulterior motive which has become clear now. He was a casual worker and was appointed for specific period from time to time and as such he is not entitled to reinstatement. The reference is therefore liable to be rejected.

6. Reference was the issue in this case.

7. At the outset it may be pointed out that after the parties have closed their respective case on 19-9-90 and arguments were heard and the case was fixed for award, the workman had filed an application along with an affidavit calling for adducing additional evidence without any ground. The management has submitted reply of his own without any order. After closing the case these affidavit and counter-affidavit deserve no consideration and they are rejected.

8. It may be seen that vide proceedings dated 19-9-90 the workman admitted the details of the days he worked with the Bank. These details have been given in Ex. M|1. It appears from various documents filed by the management that this workman was given appointment from time to time but these documents have not been proved.

9. The question which is material to decide in this case is whether the service rendered by the workman for a period detailed in Ex. M|1 was continuous service. The definition of the expression "continuous service" is preferred with the words "for the purpose of this Chapter" which means that the factor of continuity or interruption of service in terms of this definition is to be limited only for the purpose of this Chapter viz. for calculating qualifying service and payment of compensation under the provisions contained in this Chapter. The words "continuous service" occur in Sec. 25B, 25C, 25F, 25FF, 25FFF in Chapt. VA i.e. give certain rights and advantages to the workman who have been in "continuous service" for specified period of time. The section further lays down that the service shall be deemed to be continuous inspite of its interruption on account of the reasons added therein and should remain uninterrupted.

While dealing with Sub-section (1) related to continuous service for a period, it consists of two parts i.e. (1) uninterrupted service—the use of the words "shall be said to be in continuous service" makes the part of the definition exhaustive i.e. all interrupted service means continuous service, on account of the following reasons viz. (a) sickness (b) unauthorised leave (c) accident (d) strike which is not illegal (e) lock out and (f) cessation of work i.e. not due to any fault on the part of the workman shall be included in the continuous service.

10. Thus by fiction the legislature has included service which may be interrupted on account of any of the reasons in "continuous service" for the purpose of this Chapter. These interruptions have to be ignored to treat the workman in uninterrupted service and such service uninterrupted on account of these cases which would be deemed to be uninterrupted would be "continuous service" for the period for which the workman had been in service. (See also Kishore B. Dave Vs. The Dean, J. J. Group of Hospitals and others (FIR 1986 (52) p. 380 para 12 & 13).

11. In the case of N. Sunderamoney (AIR 1976 SC 1111) the workman was appointed off and on by the State Bank of India between July 31, 1973 and August 29, 1973, it was observed that the intermittent breaks notwithstanding his total number of days of employment answered the fact 'deemed' continuous service within Sec. 25B(2) and both the sides had accepted this situation (See Ex. M|1).

12. In the instant case, cessation of the work was not due to any fault on the part of the workman and therefore it shall be included in the continuous service. Though the management has specifically pleaded in its rejoinder that the workman was not available as the time of his work and he was working in the agriculture farm in his village, (though this fact has not been proved) it nowhere said/pleaded that he was offered the job and was not willing to serve. It therefore cannot be said that cessation of work was due to any fault on the part of the workman and as such he would be deemed to be in continuous service despite the interruption in the service as pointed out above. While explaining words "actually worked" used in Sec. 25B(a) I would like to refer the case of Workmen of American Express International Banking Corporation Vs. Management of American Express International Banking Corporation (1985 FLR (51) p. 483). The relevant part of the judgement runs as thus :—

"The expression which we are required to construe is 'actually worked under the employer'. This expression, according to us, cannot mean those days only when the workman worked with hammer, sickle or pen, but must necessarily comprehend all those days during which he was in the employment of the employer and for which he had been paid wages either under express or implied contract of service or by compulsion of statute, standing orders etc. The learned counsel for the Management would urge that only those days which are mentioned in the Explanation to Section 25B (2) should be taken into account for the purpose of calculating the number of days

on which the workman had actually worked though he had not so worked and no other days. We do not think that we are entitled to so constrain the construction of the expression "actually worked under the employer". The explanation is only clarificatory, as all explanations are, and cannot be used to limit the expanse of the main provision. If the expression 'actually worked under the employer' is capable of comprehending the days during which the workman was in employment and was paid wages and we see no impediment to so construe the expression is no reason why the expression should be limited by the explanation. To give it any other meaning than what we have done would bring the object of Section 25-F very close to frustration. It is not necessary to give examples of how 25-F may be frustrated as they are too obvious to be stated."

13. See also O. P. Mahotra "The Law of Industrial Dispute, Fourth Edition, Vol. II. at page 1312, the relevant part of which runs as under :—

"There could, therefore, be no scope for argument that paid holidays are to be included in "actually worked", certain deemed actual working days. Only those days which are provided in the explanation could be included in calculating 240 days in addition to the actual working days. The Explanation to S. 25-B has included in the expression "the actually worked", certain deemed actual working days. Only those days which are provided in the explanation could be included in calculating 240 days in addition to the actual working days. The meaning of the words "actually worked" cannot be enlarged beyond what is contained in the Explanation."

It has further been expressed as follows :—

"It is for the workman to show by adducing relevant evidence that he has been in continuous service for not less than one year under the employer who had retrenched him from service and during the period of Twelve months, he had served for not less than 240 days for maintaining his complaint that the provisions of S. 25-F were not complied with."

14. Before computing work actually done by the workmen I would certainly like to reproduce para 4 of the judgement of Workmen of American Express International Banking Corporation (*supra*) which runs as under :—

"The principles of statutory construction are well settled. Words occurring in statutes of liberal import such as social welfare legislation and Human Rights legislation are not to be put in procrustean beds or shrunk to Liliputian dimensions. In construing those legislations the imposture of literal construction must be avoided and the prodigality of its mis-application must be recognised and reduced. Judges ought to be more con-

cerned with the 'colour', the 'content' and the 'context' of such statutes (We have borrowed the words from Lord Wilberforce's opinion in *Prann V. Simmonds*, (6) (1971) (3) A.E.R. 237). In the same opinion Lord Wilberforce pointed out that law is not to be left behind in some island of literal interpretation but is to enquire beyond the language, unisolated from the matrix of facts in which they are set; the law is not to be interpreted purely on internal linguistic considerations. In one of the cases cited before us, that is, *Surendra Kumar Verma Vs. Central Government Industrial Tribunal-cum-Labour Court*, (*supra*) we had occasion to say, "Semantic luxuries are misplaced in the interpretation of bread and 'butter' statutes. Welfare statutes must of necessity, receive a broad interpretation. Where legislation is designed to give relief against certain kinds of mischief, the Court is not to make inroads by making etymological executions."

15. I would be worth consideration para 6 of the judgement of N. Sundara Money (*supra*) which runs as under :—

"The skiagram of the employment order must now be studied to ascertain which of the rival meanings counsel have pressed deserves preference. Statutory construction, when courts consider welfare legislation with an economic justice bias, cannot turn on cold print glorified as grammatical construction but on teleological purpose and protective intendment. Here Sections 25F, 25B and 2(oo) have a workers' mission and the input of Part IV of the Constitution also underscores this benignant approach. While canons of traditional sanctity cannot wholly govern, courts cannot go haywire in interpreting provisions, ignoring the text and context. With these guidelines before us, we seek to decide the implications of the order of appointment. But before doing so, an analysis of the legal components of Section 25F will facilitate the diagnostic task."

16. Keeping these facts in mind one thing is certain that the workman concerned was available for work as and when required during all these times which fact is confirmed from the rejoinder para 4 of the management to the effect that once when the work was available to the workman he was no available and hence his cousin Shri Santosh Zade was appointed. It follows that the lathes are not on account of the workman concerned and applying the principles detailed above he would be deemed to be in continuous service of 240 days in the last preceding year. It is nobody's case that the provisions of Sec. 25F of the I.D. Act were followed.

17. Even assuming that the workman concerned had not completed one year continuous service as required by Sec 25B of the I.D. Act obviously the provisions of Sec. 25-H of the I.D. Act have been violated inasmuch as he was not employed when the work was available and another man is employed. Management has failed to establish that it was a

calculated act on the part of the workman concerned to get his cousin employed as also to keep his claim alive. That being so, the workman is entitled to reinstatement and shall be deemed to be in continuous service from 19-9-84 onwards but in the particular circumstance of this case he will not be entitled to any back wages and monetary benefits arising therefrom. He would, however, be entitled to other reliefs such as seniority etc. Reference is accordingly answered as follows :—

The action of the management of Bank of India in terminating the services of Shri N. B. Zade, Sepoy, w.e.f. 19-9-84 is not justified. He is entitled to be reinstated as Sepoy with continuity of service & other reliefs but without back wages and monetary benefits. No order as to costs.
